Good afternoon s 22 s 22 s 22 and Alan

This is a belated but very sincere thank you for your participation in the ASIC forum last week. I very much enjoyed the session, and sense we could have continued our discussions for much longer than the allotted time!

I'm acutely conscious that such participation can come at quite a cost to our day jobs, so I am personally very grateful for your thoughtful involvement.

And s 22 your moderation across the whole of the first day was exemplary in my humble opinion, thank you!

Kind regards, Sarah
