Schedule B

This exemption applies to a grant, offer or issue of a Unit to an Employee which is made pursuant to the Scheme by any person referred to in Schedule A and which meets the further requirements set out in Schedule C.

Schedule C

An offer, issue or grant to which this exemption applies must, insofar as it constitutes, includes or may result in the issue or transfer of Units, meet the following requirements:

1. Under the Scheme no money is payable into the Scheme by an Employee for the purposes of the Scheme.
2. Under the Scheme no money is payable into the Scheme by any person on behalf of or in respect of an Employee or otherwise for the purposes of producing the cash payments that are to be paid to Employees under the Scheme.

5. The person referred to in Schedule A that grants a Unit to an Employee must, prior to granting a Unit, provide the Employee with written disclosure of the main features of the Scheme and the Employee's rights as the holder of a Unit under the Scheme.

Interpretation

In this instrument:

"Employee" means any full-time or part-time employee or director of Boots Australia.

"Scheme" means the International Unit Tracking Scheme, which is operated in Australia by the persons referred to in Schedule A under which an Employee will be offered, issued or granted Units.

"Unit" means the notional unit that an Employee who participates in the Scheme is granted under the Scheme and which entitles the Employee to receive from Boots Australia in accordance with the terms of the Scheme, a cash benefit after certain specified time periods. A Unit has the same economic value as one ordinary share in Boots Co and its value varies in line with the Boots Co ordinary share price as quoted on the London Stock Exchange plc ("LSX"). The cash benefit of each Unit to which an Employee is entitled is equal to the value of one ordinary share of Boots Co listed on the LSX at the relevant realisation date of that Unit under the Scheme (after deducting certain administration fees and taxes).

The Scheme shall not be regarded as extended to a person other than an Employee merely because such an Employee may renounce an offer of Units made to them under the Scheme in favour of their nominee.

Pursuant to subsection 257D(4) of the Corporations Act 2001 ("the Act"), the Australian Securities and Investments Commission ("ASIC") hereby exempts the person named in Schedule A from compliance with section 257D of the Act in the case referred to in Schedule B and on the conditions specified in Schedule C.

Schedule A

TAB Limited ACN 081 765 308 ("TAB")

Schedule B

A share buy-back scheme offered or to be offered to all holders of Shares in or around April 2002 ("Buy-Back Offers") which:

1. is substantially in the terms contemplated by the draft offer document provided to ASIC on or about 20 March 2002; and
2. complies with the conditions in subsection 257B(2) of the Act, subject to subsection 257B(3), except:
 - (a) that acceptances of Buy-Back Offers by shareholders are irrevocable, causing conditional buy-back agreements to be entered into before the time specified for acceptances of Buy-Back Offers has closed;
 - (b) to the extent that compliance would require TAB to make or dispatch Buy-Back Offers at any time or in any way to any shareholder who only holds Shares purchased under the TAB Employee Performance Share Plan ("Plan") which are subject to restrictions on disposal under the Plan ("Restricted Staff Shares"), which under the terms of the Buy-Back Offers or the Plan would not entitle the shareholder to offer to sell or to sell any Shares to TAB; and
 - (c) that Buy-Back Offers are to be made to every person who holds Shares on the basis that the offers are to buy back the same percentage of their Shares subject to:
 - (i) each shareholder who holds less than a Marketable Parcel of Shares or who would hold less than a Marketable Parcel of Shares after acceptances of the offers not having the ability to nominate a maximum acceptance level; and
 - (ii) if they hold Restricted Staff Shares, TAB only making offers in respect of the number of Shares they hold that are not Restricted Staff Shares.

Schedule C

1. The percentage of Shares that TAB buys back does not exceed 12% of the smallest number, at any time during the 12 months before the date of the Buy-Back Offers, of votes attaching to voting shares of TAB.
2. TAB makes it a term of the Buy-Back Offers that if, at the close of the Offer Period, TAB has received acceptances for more than the limit specified in condition 1 of this Schedule (or such lesser amount determined by TAB in accordance with its Buy-Back Offers), then, subject to conditions 3 and 4 of this Schedule,
 - (a) the first 500 of each acceptor's Shares ("Threshold Number");
 - (b) all Unmarketable Parcels of shares created as a result of buying back the Threshold Number under paragraph (a) of this condition;
 - (c) if the acceptor has accepted Buy-Back Offers for less than the Threshold Number, only the accepted number of Shares; and

02 / 0409

- (d) if the acceptor's shareholding in TAB is an Unmarketable Parcel as at the close of the Offer Period and the acceptor nominates Shares for sale in the buy-back, all of the acceptor's Shares

will be bought back in full and acceptances for more than the Threshold Number will be reduced by the same proportion (pro-rata), being the proportion needed to ensure that TAB does not exceed the limit specified in condition 1 of this Schedule (or such lesser amount determined by TAB in accordance with its Buy-Back Offers).

3. TAB makes it a term of the Buy-Back Offers that if, at the close of the Offer Period, TAB has received acceptances for more than the limit specified in condition 1 of this Schedule (or such lesser amount determined by TAB in accordance with its Buy-Back Offers) after applying the scaleback mechanism in condition 2 of this Schedule then:
- (a) the first 200 of each acceptor's Shares ("Revised Threshold Number");
 - (b) all Unmarketable Parcels of shares created as a result of buying back the Revised Threshold Number under paragraph (a) of this condition;
 - (c) if the acceptor has accepted Buy-Back Offers for less than the Revised Threshold Number, only the accepted number of Shares; and
 - (d) if the acceptor's shareholding in TAB is an Unmarketable Parcel as at the close of the Offer Period and the acceptor nominates Shares for sale in the buy-back, all of the acceptor's Shares

will be bought back in full and acceptances for more than the Revised Threshold Number will be reduced for all acceptors by the same proportion (pro-rata), being the proportion needed to ensure that TAB does not exceed the limit specified in condition 1 of this Schedule (or such lesser amount determined by TAB in accordance with its Buy-Back Offers).

4. TAB makes it a term of the Buy-Back Offers that if, at the close of the Offer Period, TAB has received acceptances for more than the limit specified in condition 1 of this Schedule (or such lesser amount determined by TAB in accordance with its Buy-Back Offers) after applying the scaleback mechanism in condition 3 of this Schedule then only those accepting shareholders who hold an Unmarketable Parcel or who would otherwise be left owning an Unmarketable Parcel following a buy back of their first 200 Shares will be bought back in full and acceptances from other accepting shareholders will be reduced by the same proportion (pro rata), being the proportion needed to ensure that TAB does not exceed the limit specified in condition 1 of this Schedule (or such lesser amount determined by TAB in accordance with its Buy-Back Offers).

5. TAB does not hold any meeting of its shareholders during the Offer Period.

For the purpose of conditions 2, 3 and 4 of this Schedule, disregard, in determining whether the proportion by which the number of each acceptor's Shares is reduced is the same, any difference in proportion arising from the rounding down of fractions for the purpose of ensuring that only whole numbers of Shares are bought back.

Interpretation

Buy-Back Offers means a share buy-back scheme offered or to be offered to all holders of Shares in or around April 2002.

Buy-Back Price means the price TAB will pay for each of the Shares to be bought back from each acceptor determined in accordance with the Buy-Back Offers.

Marketable Parcel means the number of Shares, which would have a market value of not less than \$500, where the market value of each Share is the Buy-Back Price.

Offer Period means the time period beginning when the Buy-Back Offers are open for acceptance and ending when the Buy-Back Offers are unable to be accepted (i.e. 11 April 2002 to 15 May 2002).

02/0409

Scale-Back Mechanism means the reduction of Shares bought back by TAB in the manner described in conditions 2, 3 and 4 of Schedule C to ensure that TAB does not exceed the limit specified in condition 1 of Schedule C (or such lesser amount determined by TAB in accordance with its Buy-Back Offers).

Shares means fully paid ordinary shares in the capital of TAB.

Unmarketable Parcel means the number of Shares, which would have a market value of less than \$500, where the market value of each Share is the Buy-Back Price.
