Declaration of Unacceptable Circumstances

In the matter of BECKER GROUP LIMITED

WHEREAS

Background

1. Becker Group Ltd (**Becker Group**) is a listed public company. It is the subject of an off market takeover bid by Prime Media Broadcasting Services Pty Limited (**Prime**), a wholly owned subsidiary of Prime Television Ltd, at \$0.47 per share (initially \$0.40 per share, increased on 25 May 2007 to \$0.43, and on 13 June 2007 to \$0.47) (**Prime Offer**). Prime is controlled by Mr Paul Ramsay. Prime and Mr Ramsay controlled approximately 22.7%¹ of Becker Group shares when the Prime offer was made. The independent chairman of Becker Group has recommended that shareholders accept the Prime Offer in the absence of a superior proposal.
2. At the same time as entering the agreements concerning the Prime Offer, Becker Group entered into an asset sale deed (**Asset Sale Deed**²) with Becker Film Group Pty Limited (**BFG**), a company associated with two major shareholders and directors of Becker Group, Mr Richard Becker and Mr Russell Becker, to sell Becker Group's film, exhibition, production and distribution businesses (**Film Business**) to BFG for \$15.5 million (**Asset Sale Proposal**). Mr Richard and Russell Becker are directors of Becker Group and indirectly control 42.6% of Becker Group's shares.
3. The sum payable by BFG for the Film Business is to be adjusted under Clause 4.2 of the Asset Sale Deed according to a formula which relates to the "net liabilities" of Becker Group at the time of completion of the Asset Sale Proposal (**price adjustment mechanism**).
4. The Asset Sale Proposal is subject to shareholder approval under ASX listing rule 10.1 and chapter 2E of the Corporations Act.

Expert reports

5. An independent expert, Grant Thornton Corporate (NSW) Pty Ltd (**Grant Thornton**), has prepared two independent expert's reports.
6. The first is a report on whether the proposed Asset Sale Proposal is fair and reasonable to non-associated shareholders of Becker Group dated 27 April 2007. This report is attached to the shareholder notice of meeting documentation (**Notice**).
7. The second is a report on whether the Prime Offer is fair and reasonable to shareholders of Becker Group dated 27 April 2007.

¹ Now 24.11% as a result of acceptances.

² The Asset Sale Deed is annexed to the Implementation Agreement.

Related transactions

8. The Prime Offer and Asset Sale Proposal are related transactions. The Panel considers them to be interdependent for practical purposes for the following reasons:
- (a) the Prime Offer contains a defeating condition regarding the sale of assets other than in the Asset Sale Proposal;
 - (b) the Asset Sale deed contains a condition requiring the Prime Offer to become unconditional, with Prime having voting power of at least 50% of Becker Group shares;
 - (c) Richard and Russell Becker have stated publicly that they intend to sell their 42.6% shareholding into the Prime Offer if the Asset Sale Proposal is approved by Becker Group shareholders;
 - (d) the transactions were negotiated at the same time, between largely the same persons. They reflect the final iteration of negotiations going back to at least September 2006. The negotiations considered different ways in which the assets would be held by interests associated with Richard and Russell Becker and the remaining businesses of Becker Group would be held by interests associated with Prime;
 - (e) the price adjustment mechanism for the Asset Sale Proposal; and
 - (f) the timing of completion of the Asset Sale Proposal in relation to the Prime Offer.
9. Prime and Mr Ramsay, with 24.11% of Becker Group, can, for practical purposes, ensure approval of the sale to BFG, or make approval of the sale highly likely.
10. Richard and Russell Becker, with control over 42.6% of Becker Group, can have a material effect on the level of success of the Prime Offer.
11. Prime voting for the Asset Sale Proposal, and its effect on the approval of the Asset Sale Proposal, is a benefit to Richard and Russell Becker which no other shareholders of Becker Group will have an opportunity to participate in.
12. Prime voting for the Asset Sale Proposal, and its effect on the approval of the Asset Sale Proposal is likely to have an effect on:
- (a) the control or potential control of Becker Group, or the acquisition, or proposed acquisition of a substantial interest in Becker Group, since Richard and Russell Becker have said that they will accept the Prime Offer if the Asset Sale Proposal is approved; and
 - (b) the efficient, competitive and informed market for control of the shares in Becker Group, since it is likely to affect the success of potential bidders seeking to acquire the whole of Becker Group.

Information deficiencies

13. There are material information deficiencies in the Notice and the independent expert's report on the proposed Asset Sale concerning:
- (a) the implications of the price adjustment mechanism for the Asset Sale; and
 - (b) the control premiums relied on;
 - (c) the implications of the Becker's 42.6% shareholding on the control premium;
-

- (d) the difference between the book value of the Film Business at 31 December 2006 and the Asset Sale Proposal price;
 - (e) why there was no market testing process undertaken in relation to the Asset Sale Proposal; and
 - (f) the interdependence of the transactions.
14. There are material information deficiencies in the Becker Group target's statement and the independent expert's report on the Prime Offer concerning:
- (a) the implications of the price adjustment mechanism for the Asset Sale Proposal;
 - (b) the control premiums relied on; and
 - (c) the implications of the Becker's 42.6% shareholding on the control premium.
15. The independent expert's reports for the Becker Group target's statement and the Notice:
- (a) combines premiums for takeovers and other types of transactions; and
 - (b) uses premiums for takeovers taken from a commercial source, in a manner which gives a misleading impression of the appropriate premium for control which Grant Thornton applied when assessing the fairness and reasonableness of the Asset Sale Proposal and the Prime Offer.
16. The Notice and the Becker Group target's statement fail to disclose adequately how the price adjustment mechanism is likely to affect the price paid by BFG for the Film Business and fails to give Becker Group's reasonable estimates of the price adjustments which are likely to occur, and fails to explain why the difference between the book value of the Film Business and the Asset Sale Proposal price or the lack of market testing process was appropriate.

Circumstances unacceptable

17. It appears to the Panel that the circumstances referred to above (**Circumstances**) are unacceptable having regard to:
- (a) the effect that the Panel is satisfied that the circumstances have had, are having, or are likely to have, on:
 - (i) the control or potential control of Becker Group;
 - (ii) the proposed acquisition by Prime of a substantial interest in Becker Group; and
 - (b) the purposes of the Chapter 6 of the Corporations Act as set out in section 602.
18. The Panel considers that it is not against the public interest to make a declaration of unacceptable circumstances in relation to the Circumstances and the affairs of Becker Group.
19. The Panel has had regard to the matters in section 657A(3), but has not had regard to whether the Circumstances constitute, will constitute or are likely to constitute or give rise to a contravention of Chapters 6, 6A, 6B or 6C of the Corporations Act.

4

07 / 0 4 7 2

Under section 657A of the Corporations Act, the Takeovers Panel declares that the Circumstances constitute unacceptable circumstances in relation to the affairs of Becker Group.

In the matter of BECKER GROUP LIMITED

WHEREAS

1. The Panel has made a declaration of unacceptable circumstances in relation to the affairs of Becker Group Ltd (**Becker Group**).
2. Becker Group is the subject of an off market takeover bid by Prime Media Broadcasting Services Pty Limited (**Prime**), a wholly owned subsidiary of Prime Television Ltd, at \$0.47 per share (**Prime Offer**).
3. Becker Group proposes the sale of assets (**Asset Sale**), namely its film, exhibition, production and distribution businesses (**Assets**), to Becker Film Group Proprietary Limited (**BFG**). Becker Group has entered into a deed (**Asset Sale Deed**) with BFG to complete the Asset Sale. The Asset Sale is conditional on Becker Group shareholder approval.
4. An independent expert, Grant Thornton Corporate (NSW) Pty Ltd, has prepared two independent expert's reports, one in relation to the Prime Offer and one in relation to the Asset Sale.

THE PANEL ORDERS THAT

Voting on Asset Sale

1. None of Prime, Paul Ramsay Holdings Pty Ltd or any associate of Prime or Paul Ramsay Holdings Pty Ltd may exercise, or allow the exercise of, any voting rights (directly or by proxy) attached to securities held or controlled by them on any resolution to approve the Asset Sale while Prime (or an associate) is making a takeover bid for Becker Group.

Disclosure concerning Asset Sale and Prime Offer

2. Becker Group will provide to Becker Group shareholders in sufficient time for them to consider before any resolution to approve the Asset Sale is considered:
 - (a) disclosure in a new or amended notice of meeting and supplementary target's statement in relation to the Asset Sale which addresses, to the Panel's satisfaction:
 - (i) the operation of the price adjustment mechanism in the Asset Sale deed, and the expected final asset sale price;
 - (ii) the basis on which the Assets were valued at approximately \$30.8 million in the company's reviewed accounts for the period ended 31 December 2006, and an explanation of why that value is significantly higher than the proposed sale price of \$15.5 million (subject to adjustment), which the

2

07 / 0 4 7 3

directors have evidently determined is a fair sale price for the non-interested shareholders; and

- (iii) why there was no market testing process undertaken in relation to the Asset Sale Proposal,
- (b) a new or revised independent expert report which addresses, to the Panel's satisfaction:
- (i) comparative control premiums for similar transactions and the reasons for adopting those comparatives;
 - (ii) in coming to a conclusion about whether the Asset sale is fair and reasonable in the absence of a superior offer, the reasons for taking into account the shareholdings of BFG and its associates;
 - (iii) any effect on the Becker Group shareholders of the price adjustment mechanism in the Asset Sale deed, and the expected final asset sale price;
 - (iv) the basis of valuation used by the Becker Group directors in signing off on the book value of the Assets in the company's reviewed accounts for the period ended 31 December 2006 and its relevance, if any, in determining a fair value in the context of the Asset Sale Proposal; and
 - (v) developments in relation to third party interest in acquiring the Film Business or the Becker Group as a whole.

Exemption

Exemption

2. This exemption applies to an interest in a managed investment scheme (*serviced strata scheme*) which involves an owner (*investor*) of real property (*strata unit*), in the investor's discretion, making their strata unit available for use by a person (*operator*) as part of a serviced apartment, hotel, motel or resort complex located at 42-44 Manning Street, Kiama, New South Wales 2533 developed in accordance with an approval of a local government organisation that has been given to ASIC and in relation to which, on 1 March 2000, there was no person who had bought or agreed to buy a strata unit and who, before agreeing to buy, had been offered an interest in the scheme.
3. An interest in the serviced strata scheme is exempt from the following provisions of the Act:
 - (a) Part 7.6 (other than Divisions 4 and 8); and
 - (b) section 992AA; and
 - (c) section 1017F.

Where exemption applies

4. The exemption in paragraph 3 only applies where all of the following requirements are satisfied:
 - (a) the sale of the strata unit is not and was not conditional on participation in the serviced strata scheme;
 - (b) each investor and the operator may withdraw from participation in the scheme on no more than 90 days notice and an investor that withdraws will not be bound after that notice expires to allow use of their strata unit except for occupation of the strata unit:
 - (i) by a person other than the operator or an associate of the operator; and
 - (ii) under an agreement that the operator made with that person before the notice of withdrawal was given;

07 / 0 4 8 7

- (c) each investor may, if the investor withdraws from participation in the scheme, appoint another person to manage their strata unit;
- (d) the operator is licensed in relation to the conduct of the letting services under the law of a State or Territory or is a financial services licensee;
- (e) no payment is liable to be made by an investor to participate in the scheme other than:
 - (i) payment of money to buy the strata unit; and
 - (ii) one or more payments of the investor's reasonable proportion of the operator's fees and expenses with respect to the management of the scheme where in any 3 month period the total of such payments relates to a period of no more than 3 months and where:
 - (A) that total is reasonably commensurate with the work done or to be done, or the expenses incurred or likely to be incurred (as the case may be), by the operator during the period to which the payments relate; and
 - (B) where a FFE Fund has been established for the investor — no payment or part thereof is used for the replacement, repair or refurbishment of furniture, fittings and equipment of the strata unit in relation to the period to which the payment relates unless all money in the Fund has first been expended; and
 - (iii) where a FFE Fund has been established for the investor — one or more payments into the Fund where:
 - (A) each payment is by way of a deduction from rental income of the scheme that would otherwise be paid to the investor in relation to a period and does not exceed 3% of the gross rent attributable to the investor for the period; and
 - (B) the balance of the Fund at all times does not exceed \$5,000 for each strata unit made available by the investor for use as part of the scheme;
- (f) there is no obligation on any person to ensure that other owners of strata units agree to participate in the scheme;
- (g) the serviced apartment, hotel, motel or resort complex is operated in accordance with a written agreement entered into or to be entered into between the operator and each investor which agreement includes provisions as specified in paragraph 5;

07 / 0 4 8 7

- (h) the operator takes reasonable steps to ensure that any part of the scheme property held in cash or on deposit with an Australian ADI or another financial institution is held on trust for the members in a trust account and subject to audit as to whether the moneys have been dealt with in accordance with the terms of the trust by a registered company auditor at least annually;
- (i) where a FFE Fund has been established for an investor, the operator takes reasonable steps to ensure that:
 - (A) the money comprising the Fund is held on trust for the investor in a trust account and subject to audit as to whether the money has been dealt with in accordance with the terms of the trust by a registered company auditor at least annually; and
 - (B) the balance of the Fund is promptly returned to the investor at the termination of the scheme or upon the investor's withdrawal from the scheme, whichever occurs first;
- (j) each person that is involved in making an offer of interests in the scheme for issue does not engage in any misleading or deceptive conduct or conduct that is likely to mislead or deceive in connection with those offers;
- (k) the operator complies with the provisions specified in paragraph 5 which are included in the agreement referred to in subparagraph (g).

Terms of agreement between investor and operator

- 5. The agreement specified in subparagraph 4(g) is to contain provisions to the following effect:
 - (a) *Transfer of management rights*
 - (i) If a majority of scheme members advise the operator in writing that they wish to terminate the operator's engagement, the operator must within 9 months transfer the management rights to a person that is chosen by the operator that has not been involved in the operation (including promotion) of the scheme and is not controlled by a person that has been involved in the operation (including promotion) of the scheme; and
 - (ii) If an operator fails to complete that transfer within the 9 month period, the operator must cause the transfer of the management rights to a replacement operator named in a written notice given by a majority of scheme members, at a price specified in the notice; and
 - (iii) A transfer referred to in subparagraph (i) or (ii) must be done as soon as practicable, but if there is a body corporate for the real

07/0487

property to which the scheme relates, there must be a reasonable time for members of the body corporate to consider whether to make a decision referred to in subparagraph (b)(ii) unless the body corporate has consented to the transfer; and

(b) *Consent of body corporate to new care-taking arrangements*

- (i) If an operator receives a notice under subparagraph (a)(i), the operator must advise all body corporate members of the name of the person to whom the transfer is to be made; and
- (ii) Unless the body corporate has consented to the transfer, an operator does not have to transfer the management rights to the person named in the notice described in subparagraph (a)(ii) if a majority of body corporate members state in writing to the operator that the person should not be engaged by the body corporate to perform care-taking functions; and
- (iii) If a majority of body corporate members make a decision referred to in subparagraph (b)(ii), a majority of scheme members may then at any time name a replacement operator by a written notice, to whom the operator must transfer the management rights at a price specified in the notice and the notice will be taken to be given in accordance with subparagraph (a)(ii); and
- (iv) This subparagraph does not apply if the body corporate or a majority of body corporate members agree in writing to the transfer to the person named in a notice under subparagraph (a)(ii) or (b)(iii) before that notice is given to the operator; and

(c) *Price payable on transfer*

The price scheme members specify in a notice under subparagraph (b)(ii) must be one of the following:

- (i) the average of two valuations of the management rights by independent qualified valuers nominated by the Australian Property Institute (or another relevant independent professional body approved by ASIC); or
- (ii) the highest bona fide bid for the management rights (excluding a bid by the operator or its associates) at an auction of which at least 60 days' notice had been given; or
- (iii) the highest bona fide amount tendered (excluding any tender by the operator or its associates) for the management rights following reasonable efforts to market the property for at least 60 days; and

07 / 0 4 8 7

(d) *Voting*

- (i) In determining if there is a majority of scheme members or body corporate members, the operator and its associates and any person nominated as a replacement operator and associates of that person must not be counted; and
- (ii) For scheme members, a majority is based on their entitlement to vote at body corporate meetings if there is a body corporate for the property to which the scheme relates, and otherwise each member shall have one vote; and
- (iii) For body corporate members, a majority is based on their entitlement to vote at body corporate meetings; and
- (iv) A scheme member or a body corporate member makes a decision by signing a document that sets out the decision; and

(e) *Costs*

- (i) Any member may arrange a valuation or auction of, or may market, the management rights before or after the expiration of the 9 month period referred to in subparagraph (a)(i) for the purposes of determining a price to be specified in a notice under subparagraph (a)(ii); and
- (ii) If a member incurs any reasonable valuation, auction or marketing costs under subparagraph (i) that member is entitled to be reimbursed out of the price payable by any person nominated by the members as transferee of the management rights when the price is paid to the operator; and

(f) *Assistance*

The operator must give reasonable assistance to enable the transferee to operate the resort, hotel, motel or serviced apartment complex including making available information concerning any prospective bookings; and

(g) *Definitions*

In this paragraph:

scheme members means investors in the scheme excluding the operator and its associates.

management rights means all real or personal property (including contractual rights) held by the operator or any of its associates that facilitates the operation of the scheme.

6

07 / 0 4 8 7

transfer in relation to management rights means to assign or transfer the management rights or to cause another person to become the holder of those rights or rights substantially the same as those rights.

Interpretation

6. In this instrument:

FFE Fund means a fund established for an investor consisting of money paid by the investor and any interest accrued on that money, to be used from time to time in accordance with the written agreement referred to in subparagraph 4(g) for the replacement, repair or refurbishment of furniture, fittings and equipment of the strata unit made available by the investor for use as part of the scheme.
