**Australian Securities and Investments Commission
Corporations Act 2001 — Subsection 741(1) — Exemption**

Under subsection 741(1) of the *Corporations Act 2001* (the "Act"), the Australian Securities and Investments Commission ("ASIC") hereby exempts the person specified in Schedule A in the case referred to in Schedule B, from Parts 6D.2 and 6D.3 of the Act (other than sections 736 and 738).

SCHEDULE A

Allegiance Mining NL (ACN 059 676 783) ("issuer").

SCHEDULE B

A written offer for the issue of shares in the issuer where the following requirements are met at the time that the offer is made:

- (a) The shares are in a class which is quoted on the financial market operated by Australian Stock Exchange Limited (the "class") and trading in the class is not suspended.
- (b) None of the following provisions of the Act have been contravened in relation to the issuer of the shares in the previous 12 months:
 - (i) a provision of Chapter 2M;
 - (ii) section 674 or 675;
 - (iii) section 724;
 - (iv) section 728; and
 - (v) section 1001A or 1001B.
- (c) The offer is made pursuant to an arrangement under which:
 - (i) an offer is made to each registered holder of shares in that class, and whose address (as recorded in the register of members of the issuer) is in a place in which it is lawful and practical for the issuer to offer and issue shares to that person, in the reasonable opinion of the issuer;
 - (ii) each offer is made on the same terms and conditions and on a non-renounceable basis;
 - (iii) the issue price is less than the market price during a specified period in the 30 days prior to either the date of the offer or the date of the issue;

03 / 0870

- (iv) no registered holder may be issued with shares with an application price totalling more than \$5,000 in any consecutive 12 month period; and
- (v) a registered holder must provide the issuer on application for the shares with a certification to the effect that the aggregate of the application price for:
 - (A) the shares the subject of the application;
 - and
 - (B) any other shares in the class applied for by the holder under the arrangement or any similar arrangement in the 12 months prior to the proposed date of the issue,

 - (ii) a statement describing the relationship between the issue price and the market price; and
 - (iii) disclosure of the risk that the market price may change between the date of the offer and the date when the shares are issued to an applicant under the arrangement, and the effect this would have on the price or value of the shares which the applicant would receive.

Interpretation

For the purposes of this instrument:

1. "registered holder" means, subject to paragraphs 2 and 3, a person recorded in the register of members as a member of that company;
2. if 2 or more persons are recorded in the register of members as jointly holding shares in the company they are taken to be a single registered holder and a certification by any of them for the purposes of paragraph (c)(v) of Schedule B is taken to be a certification by all of them;
3. if a trustee or nominee is expressly noted on the register of members as holding shares on account of another person (a "beneficiary"):
 - (a) the beneficiary is taken to be the registered holder in regard to those shares; and
 - (b) any application for the issue of shares or certification for the purposes of paragraph (c)(v) of Schedule B by, and any issue of shares to, the trustee or nominee, is taken to be an application or certification by, or an issue to, the beneficiary;
4. if a share must under the terms on which it is traded only be transferred together with one or more other shares or other financial products (together a "stapled security"), the \$5,000 limit in subparagraphs (c)(iv) and (c)(v) of Schedule B applies to the stapled security as if its component shares or products constituted a single share rather than to any of those components separately; and
5. references to an issuer offering shares include the issuer inviting applications for the issue of the shares.

- 2 Telstra makes it a term of the Buy-back Invitations that:
 - (a) if the Buy-back Price is determined by Telstra to be the Lowest Tender Price; and

03 / 0872

- (b) at the close of the Tender Period, Telstra has received offers that in aggregate amount to more than the Buy-back Amount, calculated using the Lowest Tender Price and including Final Price Tenders,
 - (c) then Tenders of Shares made at the Buy-back Price and as a Final Price Tender will be subject to a reduction by the same proportion (pro-rata) being the proportion needed to ensure that:
 - (i) after taking into account the TESOP 97 Acquisition and the TESOP 99 Acquisition, the Priority Acquisition and the Small Holding Acquisition, no more than the Buy-back Amount is bought back; and
 - (ii) the TESOP 97 Acquisition and the TESOP 99 Acquisition, the Priority Acquisition and the Small Holding Acquisition may be made, and
 - (d) the TESOP 97 Acquisition and the TESOP 99 Acquisition, the Priority Acquisition and the Small Holding Acquisition will be made.

- (a) if the Buy-back Price is determined by Telstra to be a price other than the Lowest Tender Price; and
 - (b) at the close of the Tender Period, Telstra has received offers that in aggregate amount to more than the Buy-back Amount, calculated using the Buy-back Price,
- then:
- (c) all Shares tendered at less than the Buy-back Price will be bought back in full;
 - (d) all Shares tendered as Final Price Tenders will be bought back in full;
 - (e) Shares tendered at the Buy-back Price (other than as Final Price Tenders) will be bought back but the number of Shares to be bought back will be subject to a reduction by the same proportion (pro-rata) being the proportion needed to ensure that:
 - (i) after taking into account the TESOP 97 Acquisition and the TESOP 99 Acquisition and the Small Holding Acquisition no more than the Buy-back Amount is bought back; and
 - (ii) the TESOP 97 Acquisition and the TESOP 99 Acquisition and the Small Holding Acquisition may be made; and
 - (f) the TESOP 97 Acquisition and the TESOP 99 Acquisition and the Small Holding Acquisition will be made.

- (a) Telstra receives any Tenders from the Commonwealth; and
 - (b) a Tender from the Commonwealth, if accepted on the terms of the Buy-back, (including application of the Scale Back Mechanism) would result in a decrease in

03/0872

the Commonwealth's interest in Telstra in contravention of any of the provisions of Part 2 of the Telstra Corporation Act, or create a risk of such contravention,

then:

- (c) such Tender or Tenders will not be accepted by Telstra but only to the extent necessary to ensure that the Buy-back does not result in a contravention of any provision to Part 2 of the Telstra Corporation Act, or create a risk of such a contravention.

- 5 Telstra makes it a term of the Buy-back Invitations that if acceptance of a Tender or application of the Scale Back Mechanism would result in an Unacceptable Foreign Ownership Situation, or create a risk that an Unacceptable Foreign Ownership Situation might arise,

then:

- (a) such Tender or Tenders will not be accepted by Telstra,

but only:

- (b) to the extent necessary to ensure that the Buy-back does not result in an Unacceptable Foreign Ownership Situation, or create a risk that an Unacceptable Foreign Ownership Situation might arise; and
- (c) if the proportion of Tenders which are not accepted is the same proportion (pro-rata) for all Shareholders who are not Foreign Persons.

- 6 Disclosure is made by Telstra in any document sent to shareholders pursuant to subsection 257C(2) of the Act, to the effect that shareholders are entitled to vote (in accordance with the voting rights attached to their Shares) at any meeting that is held before the buy-back period ends (and the buy-back period shall not end before 21 November 2003).

- 7 For the purpose of paragraphs 2, 3 and 5 of this Schedule, disregard, in determining whether the proportion by which the number of each offeror's Shares is reduced is the same, any difference in proportion arising from the rounding down of fractions for the purpose of ensuring that only whole numbers of Shares are bought back, and disregard any difference in proportion arising from an adjustment to ensure that only whole numbers of Shares are bought back.

SCHEDULE E — PROCEDURES FOR TRANSFERRING MANAGEMENT RIGHTS

1. *Transfer of management rights*
- (a) If a majority of scheme members advise the operator in writing that they wish to terminate the operator's engagement, the operator must within 9 months transfer the management rights to a person that is chosen by the operator that has not been involved in the operation (including promotion) of the scheme and is not controlled by a person that has been involved in the operation (including promotion) of the scheme.
 - (b) If an operator fails to complete that transfer within the 9 month period, the operator must cause the transfer of the management rights to a replacement operator named in a written notice given by a majority of scheme members, at a price specified in the notice.
 - (c) A transfer referred to in paragraphs (a) or (b) must be done as soon as practicable, but if there is a body corporate for the real property to which

7

03 / 0884

the scheme relates, there must be a reasonable time for members of the body corporate to consider whether to make a decision referred to in paragraph 2(b) unless the body corporate has consented to the transfer.

2. *Consent of body corporate to new care-taking arrangements*

- (a) If an operator receives a notice under paragraph 1(b) of this Schedule, the operator must advise all body corporate members of the name of the person to whom the transfer is to be made.
- (b) Unless the body corporate has consented to the transfer, an operator does not have to transfer the management rights to the person named in the notice described in paragraph 1(b) of this Schedule if a majority of body corporate members state in writing to the operator that the person should not be engaged by the body corporate to perform care-taking functions.
- (c) If a majority of body corporate members make a decision referred to in paragraph 2(b) of this Schedule, a majority of scheme members may then at any time name a replacement operator by a written notice, to whom the operator must transfer the management rights at a price specified in the notice and the notice will be taken to be given in accordance with paragraph 1(b) of this Schedule.
- (d) This paragraph 2 does not apply if the body corporate or a majority of body corporate members agree in writing to the transfer to the person named in a notice under paragraph 1(b) or 2(c) of this Schedule before that notice is given to the operator.

3. *Price payable on transfer*

The price scheme members specify in a notice under paragraph 1(b) of this Schedule must be one of the following:

- (a) the average of two valuations of the management rights by independent qualified valuers nominated by the Australian Property Institute (or another relevant independent professional body approved by ASIC); or
- (b) the highest bona fide bid for the management rights (excluding a bid by the operator or its associates) at an auction of which at least 60 days' notice had been given; or
- (c) the highest bona fide amount tendered (excluding any tender by the operator or its associates) for the management rights following reasonable efforts to market the property for at least 60 days.

4. *Voting*

- (a) In determining if there is a majority of scheme members or body corporate members, the operator and its associates and any person

8

03/0884

nominated as a replacement operator and associates of that person must not be counted.

- (b) For scheme members, a majority is based on their entitlement to vote at body corporate meetings if there is a body corporate for the property to which the scheme relates, and otherwise each member shall have one vote.
- (c) For body corporate members, a majority is based on their entitlement to vote at body corporate meetings.
- (d) A scheme member or a body corporate member makes a decision by signing a document that sets out the decision.

5. *Costs*

- (a) Any member may arrange a valuation or auction of, or may market, the management rights before or after the expiration of the 9 month period referred to in paragraph 1(a) of the Schedule for the purposes of determining a price to be specified in a notice under paragraph 1(b) of this Schedule.
- (b) If a member incurs any reasonable valuation, auction or marketing costs under paragraph 5(a) of this Schedule that member is entitled to be reimbursed out of the price payable by any person nominated by the members as transferee of the management rights when the price is paid to the operator.

6. *Assistance*

The operator must give reasonable assistance to enable the transferee to operate the resort, hotel, motel or serviced apartment complex including making available information concerning any prospective bookings.
