Authority to use Broker Terms

(This condition is imposed where a licensee has asked ASIC for authorisation to use the following expressions and ASIC is satisfied that the criteria for the use of such expression(s) have been met.)

2

The licensee:

- (a) is authorised to assume or use the following expression(s) or any other like word or expression (whether or not in English) that is of like import to that expression:
 - (i) **Stockbroker or Sharebroker;**

 - (iii) **Life Insurance Broker;**
 - (iv) **General Insurance Broker;** or

- (b) must notify ASIC within 10 business days of any matter which would prevent:
 - (i) the licensee from meeting the eligibility requirements under subsection 923B(3); or
 - (ii) ASIC from imposing a condition authorising the licensee to use the expression(s) set out in paragraph 2(a) above under subsection 923B(3).

Key Person Requirement

(This condition is imposed at ASIC's discretion having regard to various issues, including the organisational structure of the licensee and the organisational competence of the licensee.)

- 3 If any of the following officer(s) or key person(s) cease to be officers of the licensee or to perform duties on behalf of the licensee with respect to its financial services business:

Compliance Measures to Ensure Compliance with Law and Licence

(This condition is imposed on all licensees.)

- 4 The licensee must establish and maintain compliance measures that ensure, as far as is reasonably practicable, that the licensee complies with the provisions of the financial services laws.

Notification to Current or Former Representative's Clients

(This condition is imposed on all licensees authorised to provide personal advice to retail clients. It will not be imposed on licensees limited to providing general advice.)

- 5 Where, under Division 8 of Part 7.6:
- (a) ASIC makes a banning order against a current or former representative of the licensee; or
 - (b) the Court makes an order disqualifying a current or former representative of the licensee;
- the licensee must, if directed in writing by ASIC, take all reasonable steps to provide the following information in writing to each retail client to whom the representative had provided personal advice within 3 years prior to the date of the banning order or disqualification order:
- (c) the name of the representative; and
 - (d) any authorised representative number allocated to the representative by ASIC; and
 - (e) the terms of the banning or disqualification order; and
 - (f) contact details of the licensee for dealing with enquiries and complaints regarding the banning or disqualification or the conduct of the representative as a representative of the licensee.

Training Requirements for Representatives

(This condition is imposed on all licensees authorised to provide any type of financial product advice to retail clients. This condition relates to ASIC Regulatory Guide 146.)

- 6 The licensee must for any natural person who provides financial product advice to retail clients on behalf of the licensee (including the licensee if he or she is a natural person):
- (a) identify the tasks and functions that person performs on behalf of the licensee; and
 - (b) determine the appropriate knowledge and skills requirements required to competently perform those tasks and functions; and
 - (c) implement procedures for continuing training.
- 7 The licensee must ensure that any natural person who provides financial product advice to retail clients on behalf of the licensee (including the licensee if he or she is a natural person):

- (a) has completed training courses at an appropriate level that are or have been approved by ASIC in writing that are relevant to those functions and tasks; or
- (b) has been individually assessed as competent by an assessor that is or has been approved by ASIC in writing; or
- (c) in respect of financial product advice on basic deposit products and facilities for making non-cash payments that are related to a basic deposit product, has completed training courses that are or have been assessed by the licensee as meeting the appropriate level that are relevant to those functions and tasks.

8 Condition 7 does not apply in relation to:

- (a) a natural person who is a customer service representative and who provides financial product advice:
 - (i) derived from a script approved by a natural person who complies with paragraphs 7(a), (b) and (c) (“qualified person”); or
 - (ii) under the direct supervision of a qualified person present at the same location; or
- (b) a natural person who is a para-planner or trainee adviser and who provides advice under the direct supervision of a qualified person who is, in addition to the licensee, responsible for:
 - (i) ensuring that any financial product advice that is provided by the para-planner or trainee adviser for which a Statement of Advice must be given, is reflected in a Statement of Advice that has been reviewed by the qualified person before the Statement of Advice is given, to ensure that the Statement of Advice would comply with all the requirements of the Act; and
 - (ii) managing and leading any verbal explanation of the financial product advice to the client,

where the licensee has established procedures to ensure that the natural person does not provide financial product advice to retail clients on behalf of the licensee, other than in the manner specified in this paragraph, and the licensee monitors whether or not those procedures are effective.

9 Condition 7 does not apply in relation to financial product advice:

- (a) given to retail clients in advertising to which section 1018A applies, provided that:
 - (i) this licence authorises the provision of financial product advice; and
 - (ii) a responsible officer of the licensee approves such advertising before its publication or dissemination to retail clients; or

- (b) for which there is an exemption under the Act from the obligation to hold a licence.

Requirements for a Body Regulated by APRA

(This condition is imposed on all licensees who are a body regulated by the Australian Prudential Regulation Authority (APRA).)

- 10 The licensee must be a body regulated by the Australian Prudential Regulation Authority (“APRA”).
- 11 Where the licensee can no longer meet, or has breached, condition 10 of this licence, the licensee must give a written report to ASIC pursuant to subsection 912D(1) which includes:
- (a) the date on which the licensee ceased to be a body regulated by APRA; and
- (b) the reasons why the licensee is no longer a body regulated by APRA.

Financial Requirements for Market Participants and Clearing Participants

(This condition is imposed on all licensees who are not a body regulated by APRA. Where a licensee is both a market participant (or a clearing participant) and a body regulated by APRA, this condition will not be imposed on the licence, unless the licensee holds a registrable superannuation entity (RSE) licence from APRA and is authorised to operate registered managed investment schemes; however, the licensee is still required to meet the financial requirements relevant to the licensed market or licensed CS facility they operate in.)

- 12 Where the licensee is a market participant, or a clearing participant, conditions 13 to 26 (inclusive) do not apply to the licensee.

Base Level Financial Requirements

(This condition is imposed on all licensees who are not a body regulated by APRA: see ASIC Regulatory Guide 166. It is also imposed on the holders of an RSE licence from APRA if they are authorised to operate registered managed investment schemes. For some licensees the requirement in paragraph 13(c) is replaced by a requirement set out in a legislative instrument: Class Order 13/760 for a responsible entity or investor directed portfolio service (IDPS) operator; Class Order 13/761 for a provider of custodial or depository services; Class Order 12/752 for a retail over-the-counter (OTC) derivative issuer; or ASIC Corporations (Financial Requirements for CSF Intermediaries) Instrument 2017/339 for a provider of a crowd-funding service—as at the issue date of the licence and as amended or replaced by any disallowable legislative instrument.)

- 13 The licensee must:
- (a) be able to pay all its debts as and when they become due and payable;
and
 - (b) either:
 - (i) have total assets that exceed total liabilities as shown in the licensee's most recent balance sheet lodged with ASIC and have no reason to suspect that the licensee's total assets would currently not exceed its total liabilities; or
 - (ii) have adjusted assets that exceed adjusted liabilities calculated at the balance date shown in the licensee's most recent balance sheet lodged with ASIC and have no reason to suspect that the licensee's adjusted assets would currently not exceed its adjusted liabilities;
and
 - (c) unless the licensee has an authorisation to operate registered managed investment schemes as a responsible entity or an authorisation to operate an IDPS as an IDPS operator or an authorisation to provide custodial or depository services or is a retail OTC derivative issuer, meet the cash needs requirement by complying with one of the following five options:
 - (i) Option 1 (reasonable estimate projection plus cash buffer)—refer to definition of “Option 1” under this licence; or
 - (ii) Option 2 (contingency based projection)—refer to definition of “Option 2” under this licence; or
 - (iii) Option 3 (financial commitment by an Australian authorised deposit-taking institution (ADI) or comparable foreign institution)—a requirement that an Australian ADI or a foreign deposit-taking institution approved in writing by ASIC as an eligible provider gives the licensee an enforceable and unqualified commitment to pay on demand from time to time an unlimited amount to the licensee, or the amount for which the licensee is liable to its creditors at the time of the demand to the licensee's creditors or a trustee for the licensee's creditors, that the licensee reasonably expects will apply for at least 3 months, taking into account all commercial contingencies for which the licensee should reasonably plan; or
 - (iv) Option 4 (expectation of support from an Australian ADI or comparable foreign institution)—a requirement that the licensee:
 - (A) is a subsidiary of an Australian ADI or a corporation approved by ASIC in writing for the purpose of this condition; and
 - (B) reasonably expects that (based on access to cash from its related bodies corporate) it will have adequate resources (when needed) to meet its liabilities for at least the next 3

- months (including any additional liabilities that the licensee might incur during that period), taking into account all adverse commercial contingencies for which the licensee should reasonably plan; and
- (C) ensures that a responsible officer of the licensee has documented that the officer has the reasonable expectation for at least the following 3-month period together with the reasons for forming the expectation, the contingencies for which the licensee considers it is reasonable to plan, the assumptions made concerning the contingencies and the basis for selecting those assumptions; or
- (v) Option 5 (parent entity prepares cash flow projections on a consolidated basis)—a requirement that the licensee ensures that:
- (A) the cash flows of the licensee and each of its related bodies corporate, other than any body regulated by the Australian Prudential Regulation Authority (“APRA”) that is not both the holder of a registrable superannuation entity (“RSE”) licence and authorised to operate registered managed investment schemes (“licensee group”), are managed on a consolidated basis; and
 - (B) there is a body corporate within the licensee group of which all members of the licensee group are subsidiaries that is not a body regulated by APRA (“parent entity”); and
 - (C) the parent entity complies with Option 1 or Option 2 as if it were the licensee, cash flows of any member of the licensee group were cash flows of the licensee and any cash held by a member of the licensee group, other than as trustee or as trustee of a relevant trust, were so held by the licensee; and
 - (D) a report by the parent entity’s auditor that is a registered company auditor is given to ASIC with the licensee’s annual audit report under condition 28 of this licence, in relation to each financial year of the licensee and for any other period that ASIC requests, by a date that ASIC requests, with respect to compliance by the parent entity with Option 1 or Option 2 as they would apply in accordance with subparagraph (C), reflecting the report that would be required from the auditor of a licensee, for that period purporting to comply with Option 1 or Option 2; and
 - (E) either of the following applies:
 - Alternative A—the parent entity has provided an enforceable and unqualified commitment to pay on demand from time to time an unlimited amount to the licensee or to meet the licensee’s liabilities which the licensee reasonably expects

will apply for at least the next 3 months taking into account all adverse commercial contingencies for which the licensee should reasonably plan; or

Alternative B—the licensee reasonably expects that (based on access to cash from members of the licensee group) it will have adequate resources to meet its liabilities (including any additional liabilities that the licensee might incur while the commitment applies) for at least the next 3 months taking into account all adverse commercial contingencies for which the licensee should reasonably plan and a responsible officer of the licensee has documented that the officer has the reasonable expectation in respect of at least the following 3 months together with the reasons for forming the expectation, the contingencies for which the licensee considers it is reasonable to plan, the assumptions made concerning the contingencies and the basis for selecting those assumptions; and

- (F) the licensee has no reason to believe that the parent entity has not complied with the requirement at subparagraph (C) or has failed to comply in a material respect with its obligations under Chapter 2M or, if the parent entity is not a company, under any other laws (whether law in Australia or not) relating to financial reporting that apply to it.

For 5 years after the end of the last financial year that includes a part of the period to which any document prepared for subparagraph (c)(iv)(C) or Alternative B in subparagraph (c)(v)(E) relates, the licensee must keep the document and give it to ASIC if ASIC requests.

Note: If the requirement in paragraph 13(c) does not apply to the licensee, the licensee may be subject to requirements relating to its cash needs under notional provisions applying under an ASIC legislative instrument. Refer to Class Order 13/760 if the licensee has an authorisation to operate registered managed investment schemes as a responsible entity or an authorisation to operate an IDPS as an IDPS operator; Class Order 13/761 if the licensee has an authorisation to provide custodial or depository services; Class Order 12/752 if the licensee is a retail OTC derivative issuer; and ASIC Corporations (Financial Requirements for CSF Intermediaries) Instrument 2017/339 if the licensee has an authorisation to provide a crowd-funding service—as at the date of this licence and as amended or replaced by any disallowable legislative instrument.

Financial Requirements for Margin Lending Facilities

(This condition is imposed on all licensees who are not a body regulated by APRA and are authorised to issue margin lending facilities. It is also imposed on the holders of an RSE licence from APRA if they are authorised to operate registered managed investment schemes and to issue margin lending facilities.)

14 [No longer in use]

15 [No longer in use]

16 [No longer in use]

17 [No longer in use]

18 [No longer in use]

19 [No longer in use]

19A The licensee must have:

(a) at least net tangible assets (“NTA”) of 0.5% of the value of:

- (i) for a standard margin lending facility—the secured property;
- (ii) for a non-standard margin lending facility—any transferred securities,

subject to a minimum requirement of \$50,000 and a maximum requirement of \$5 million; and

(b) at least \$5 million NTA at all times:

(i) for a standard margin lending facility where:

- (A) the licensee holds the secured property; or
- (B) any other person holds the secured property and that person does not have at least \$5 million NTA unless they are an eligible custodian; or

(ii) for a non-standard margin lending facility where:

- (A) the licensee is the transferee of transferred securities; or
- (B) any other person is the transferee of transferred securities and that person does not have at least \$5 million NTA unless they are an eligible custodian.

Financial Requirements for Trustee Companies Providing Traditional Services

(This condition is imposed on licensees who are not a body regulated by APRA and are authorised to provide traditional trustee company services. It is also imposed on the holders of an RSE licence from APRA if they are authorised to operate registered managed investment schemes and to provide traditional trustee company services.)

19B The licensee must have at least \$5 million net tangible assets (“NTA”) where the licensee provides traditional services as a trustee company.

Financial Requirements for Foreign Exchange Dealers

(This condition is imposed on all licensees who are not a body regulated by APRA and are authorised to deal in foreign exchange contracts. It is also imposed on the holders of an RSE licence from APRA if they are authorised to operate registered managed investment schemes and to deal in foreign exchange contracts.)

20

Where:

- (a) the licensee carries on a business of entering, as principal, into foreign exchange contracts that are financial products in Australia; and
- (b) a counterparty to a foreign exchange contract that the licensee enters into as principal in Australia covered by this licence is a person who is not:
 - (i) an authorised deposit-taking institution within the meaning of the *Banking Act 1959*; or
 - (ii) a person that is required under their Australian financial services licence to have \$10 million of tier one capital,
 the licensee must either:
- (c) have \$10 million of tier one capital, as defined in APRA’s Prudential Standards, and Prudential Practice Guides as at the date of this licence for authorised deposit-taking institutions; or
- (d) have adjusted surplus liquid funds (“ASLF”) of the sum of:
 - (i) \$50,000; plus
 - (ii) 5% of adjusted liabilities between \$1 million and \$100 million; plus
 - (iii) 0.5% of adjusted liabilities for any amount of adjusted liabilities exceeding \$100 million,
 up to a maximum ASLF of \$100 million.

Financial Requirements for Holding Client Money or Property

(This condition is imposed on all licensees who are not a body regulated by APRA, as described in ASIC Regulatory Guide 166. It is also imposed on the holders of an RSE licence from APRA if they are authorised to operate registered managed investment schemes. However, it is only triggered if the licensee holds \$100,000 or more of client money or property.)

21

If at any time the licensee:

- (a) is required to hold money in a separate account under Division 2 of Part 7.8; or

- (b) holds money or other property on trust for a client or is required to do so under subregulation 7.8.07(2) of the Corporations Regulations or otherwise; or
- (c) has the power to dispose of a client's property under power of attorney or otherwise;

the licensee must ensure that the licensee has at least \$50,000 in surplus liquid funds ("SLF"), unless the total value of the money and property for all clients is less than \$100,000 excluding:

- (d) money that has satisfied a client's liability on an insurance contract where the licensee is acting under a binder or section 985B applies, or property acquired by investment of that money; or
- (e) the value of property where the licensee merely holds a document of title, and the client has legal title to the property.

Financial Requirements for Licensee Transacting with Clients

(This condition is imposed on all licensees who are not a body regulated by APRA, as described in ASIC Regulatory Guide 166. It is also imposed on the holders of an RSE licence from APRA if they are authorised to operate registered managed investment schemes. However, it is only triggered if the licensee is not a retail OTC derivative issuer (refer to Class Order 12/752) and incurs actual or contingent liabilities of \$100,000 or more from transacting with clients.)

- 22 Unless the licensee is a retail OTC derivative issuer, if the licensee incurs actual or contingent liabilities of the relevant kind by entering into a transaction with a client(s) in the course of providing a financial service to the client(s), the licensee must have adjusted surplus liquid funds ("ASLF") of the sum of:

- (a) \$50,000; plus
- (b) 5% of adjusted liabilities between \$1 million and \$100 million; plus
- (c) 0.5% of adjusted liabilities for any amount of adjusted liabilities exceeding \$100 million,

up to a maximum ASLF of \$100 million.

This condition does not apply to the licensee if:

- (d) the total of:
 - (i) the current liabilities that would be included in the calculation of the licensee's adjusted liabilities; and
 - (ii) the contingent liabilities that if crystallised would be a current liability and be included in the calculation of the licensee's adjusted liabilities,

is less than \$100,000; or

- (e) the licensee has no:
 - (i) liabilities to clients that would be included in calculating its adjusted liabilities; or
 - (ii) contingent liabilities to clients which if crystallised would be included in calculating its adjusted liabilities,
 other than under debentures the licensee issued under Chapter 2L.

For the purpose of paragraphs (d) and (e), the licensee may disregard a liability or a contingent liability that:

- (f) is a contingent liability that is neither a derivative nor a liability from underwriting securities or managed investment products; or
- (g) the licensee reasonably estimates has a probability of less than 5% of becoming an actual liability; or
- (h) is covered by money or property that the licensee holds in a separate account under Part 7.8 or on trust for clients; or
- (i) is adequately secured as defined in paragraphs (a) or (b) of the definition of “adequately secured” under this licence; or
- (j) is a liability incurred by entering into a transaction on a licensed market that is to be settled using a clearing and settlement facility, the operation of which is authorised by an Australian CS facility licence; or
- (k) is under a foreign exchange contract and the licensee is required to have \$10 million of tier one capital under another condition of this licence because the licensee has entered a foreign exchange contract as principal; or
- (l) is under a derivative where:
 - (i) the licensee does not make a market in derivatives; and
 - (ii) the licensee entered into the dealing for the purposes of managing a financial risk; and
 - (iii) either the licensee’s dealings in derivatives are not a significant part of its business or of the business of it and its related bodies corporate taken together; and
 - (iv) the licensee did not enter into the dealing on the instructions of another person; or
- (m) is under a foreign exchange contract where the licensee:
 - (i) does not make a market in foreign exchange contracts; and
 - (ii) entered into the contract for the purposes of enabling a payment in one of the currencies under the foreign exchange contract; and

- (iii) did not enter into the foreign exchange contract on the instruction of another person; or
- (n) is under a margin lending facility where the licensee agrees to provide credit to another person, to the extent that any portion of the credit remains undrawn.

In this condition, a reference to a client includes a person who acquires or disposes of financial products in a transaction that the licensee entered into at a price the licensee stated in the course of making a market.

Note: If the licensee is a retail OTC derivative issuer, refer to Class Order 12/752 as at the date of this licence and as amended or replaced by any disallowable legislative instrument.

Reporting Triggers and Requirements for Financial Requirement Conditions of this Licence

(This condition is imposed on all licensees who are not a body regulated by APRA, as described in ASIC Regulatory Guide 166. It is also imposed on the holders of an RSE licence from APRA if they are authorised to operate registered managed investment schemes. However, it only applies if the licensee is not a retail OTC derivative issuer (refer to Class Order 12/752) and triggers the reporting requirements within this condition.)

- 23 Unless the licensee is a retail OTC derivative issuer, the licensee must ensure the reporting requirements under conditions 24 and 25 of this licence are met where either paragraph (a) or paragraph (b) applies:
- (a) the trigger points described in paragraphs (i) and (ii) below occur:
 - (i) the licensee has adjusted liabilities of more than \$1 million and less than or equal to \$100 million; and
 - (ii) the licensee has ASLF of less than 5.5% of adjusted liabilities; or
 - (b) the trigger points described in paragraphs (i), (ii) and (iii) below occur:
 - (i) the licensee has adjusted liabilities of more than \$100 million; and
 - (ii) the licensee does not have \$100 million ASLF; and
 - (iii) the licensee has ASLF that is less than \$500,000 above the minimum ASLF required under condition 22 of this licence.

Note: If the licensee is a retail OTC derivative issuer, refer to Class Order 12/752 as at the date of this licence and as amended or replaced by any disallowable legislative instrument.

- 24 Where the licensee's ASLF is below the trigger points, the licensee must not enter into any transactions with clients that could give rise to further liabilities, contingent liabilities or other financial obligations until the licensee's board or other governing body has certified in writing that, having conducted reasonable enquiry into its financial position, there is no reason to

believe that the licensee may fail to comply with its obligations under section 912A.

25 Where the licensee's board or other governing body has made the certification required under condition 24, the licensee must ensure that the licensee's board or other governing body certifies in writing at least monthly that, having conducted reasonable enquiry into its financial position, there is no reason to believe that the licensee may fail to comply with its obligations under section 912A, until the licensee's ASLF continuously exceeds the trigger point for at least one month.

26 The licensee must keep each certification issued by the licensee's board or other governing body under conditions 24 and 25 of this licence for at least 5 years from the date of such certification. The licensee must provide ASIC with a copy of each certification within 3 business days of the date of each certification.

Audit Opinion on Financial Requirements

(This condition is imposed on all licensees. The type of condition imposed depends on whether the licensee is a body regulated by APRA or not, as described in ASIC Regulatory Guide 166. Outlined below are two scenarios to provide guidance on the type of condition to be imposed.)

(a) Where the licensee is a body regulated by APRA, the following condition will be imposed on the licence.

27 The licensee must lodge with ASIC an opinion by a registered company auditor ("the audit opinion") addressed to the licensee and ASIC:

(a) for each financial year, at the same time the licensee is required to lodge a balance sheet under Part 7.8; and

(b) for any period of time that ASIC requests, by the date ASIC requests the audit opinion to be lodged;

that states whether for the relevant period on a positive assurance basis the licensee was a body regulated by APRA at the end of the financial year or for any period of time that ASIC requests.

(b) Where a licensee is not a body regulated by APRA, the following condition will be imposed on the licence. However, it does not apply where the licensee is a limited licensee and does not hold money to which Division 2 of Part 7.8 applies. Further, for some licensees the audit opinion required is different from that set out in paragraph 28(d). Refer to the following legislative instruments: Class Order 13/760 for a responsible entity or IDPS operator; Class Order 13/761 for a provider of custodial or depository services; Class Order 12/752 for a retail OTC derivative issuer; and ASIC Corporations (Financial

Requirements for CSF Intermediaries) Instrument 2017/339 for a provider of a crowd-funding service—as at the issue date of the licence and as amended or replaced by any disallowable legislative instrument.

- 28 The licensee must, unless the licensee is a limited licensee and does not deal with money to which Division 2 of Part 7.8 applies, lodge with ASIC an opinion by a registered company auditor (“the audit opinion”) addressed to the licensee and ASIC for the following periods:
- (a) for each financial year, at the same time the licensee is required to lodge a balance sheet under Part 7.8; and
 - (b) for any period of time that ASIC requests, by the date ASIC requests the audit opinion to be lodged,
- that states whether during:
- (c) any part of the period for which the licensee:
 - (i) relied on being a market participant or a clearing participant, on a positive assurance basis, the licensee was a participant in the:
 - (A) ASX market; or
 - (B) Chi-X market; or
 - (C) ASX 24 market, and restricted its financial services business to participating in the ASX 24 market and incidental business; or
 - (D) licensed CS facility operated by ASX Clear Pty Limited; or
 - (E) licensed CS facility operated by ASX Clear (Futures) Pty Limited, and restricted its financial services business to participating in the licensed CS facility and incidental business; or
 - (F) SSX market; and
 - (ii) relied on being a body regulated by APRA, on a positive assurance basis, the licensee was a body regulated by APRA; and
 - (d) any part of the period for which the licensee was not authorised to operate registered schemes as a responsible entity or was not authorised to operate an IDPS as an IDPS operator or was not authorised to provide custodial or depository services or was not a retail OTC derivative issuer or was not authorised to provide a crowd-funding service:
 - (i) in the auditor’s opinion:

- (including any liabilities the licensee might incur during the term of the projection) was adversely affected by commercial contingencies, taking into account all contingencies that are sufficiently likely for a reasonable licensee to plan how they might manage them; and

 - (B) a derivative; or
 - (C) an interest in property held in trust by another licensee under Division 3 of Part 7.8 or the rights to money held by another licensee in an account under section 981B; and
- (b) 8% of the values that reflect others' obligations to pay the licensee a certain sum, except to the extent that the asset is adequately secured or is a right against another licensee in respect of money or property held by that other licensee in an account under section 981B or held in trust under Division 3 of Part 7.8; and
- (c) the following amounts for contingent liabilities and contingent liabilities of any trust (other than a registered scheme) of which the licensee is trustee:

 - (C) to the extent that the underwriter holds funds from persons seeking to acquire the financial products subject to the underwriting; and
- (ii) 5% of the potential liability of any contingent liabilities that can be quantified under a derivative, other than to the extent there is an offsetting position in:
- (A) the “something else” for the purposes of paragraph 761D(1)(c); and/or
 - (B) another derivative relating to that something else; and/or
 - (C) a thing that is so similar to the something else as to make the probability of net loss from the liability under the derivative exceeding any increase in the value of the thing less than 5% in the reasonable and documented opinion of the licensee, except to the extent that the licensee is of the reasonable opinion that the risk that they will become liabilities (or become liabilities to a greater extent than taken into account for the purposes of applying the adjustment) because of a change in the price or value of the something else is trivial; and
- (iii) 20% of the potential liability of any contingent liabilities that can be quantified under a guarantee or indemnity; and
- (d) the relevant percentage as set out in subparagraphs (c)(ii) and (c)(iii) of the amounts that in the licensee’s reasonable opinion is the maximum amount that the licensee may be liable for in relation to a contingent liability referred to in paragraph (c) where the maximum liability cannot be quantified; and
- (e) where the licensee has agreed to sell an asset that it does not hold, the amount of the adjustment that would apply if it held that asset is to be applied against adjusted assets.

For the purposes of this definition, the risk that a contingent liability will become a liability may be treated as trivial if the probability that this will occur is reasonably estimated by the licensee as less than 5%.

For the purposes of paragraphs (a) and (b) of this definition, discounts apply against the value of current assets:

- (f) used in calculating “adjusted assets”; and
- (g) of any trust (other than a registered scheme) of which the licensee is a trustee (see subparagraph (f)(ii) of the definition of “adjusted assets” in this licence); and

- (j) that is the applicable percentage of the current assets that would be acquired in return for paying a contingent liability referred to in subparagraph (c)(i) or (iii) of this definition including rights against a sub-underwriter (see paragraph (g) of the definition of “adjusted assets” in this licence).

The licensee does not have to apply the discounts to the value of amounts payable from a client in the ordinary course of its financial services business for financial products that the client has agreed to buy, if the money is required to be—and in the reasonable estimation of the licensee probably will be—paid no more than 5 business days after the client became liable.
