1. INTRODUCTION

The Australian Securities and Investments Commission (ASIC), a body corporate established under section 7 of the *Australian Securities and Investments Commission Act 1989* (and continued in existence by the *Australian Securities and Investments Commission Act 2001*) and the Autorité Des Marchés Financiers (AMF), an independent public authority established under Chapter 1 of Title 1 of the Financial Security Act n° 2003-706 of 1 August 2003,

Considering the establishment of the AMF from the merger of the Commission des opérations de bourse (COB), the Conseil des marchés financiers (CMF) and the Conseil de discipline de la gestion financière (CDGF) to deal with the protection of the savings invested in financial instruments and all other investments which give rise to public offerings, the information provided to investors, and the orderly functioning of markets in financial instruments,

Considering the establishment of the ASIC, formerly known as the Australian Securities Commission, and its role as Australia's corporate, markets and financial services regulator,

Having regard to the strong cooperative relationship enjoyed by ASIC and the AMF,

Building on and replacing the Memorandum Respecting Administrative Arrangements signed between the Commission des Opérations de Bourse, and the Australian Securities Commission on March 14, 1995,

Desiring to affirm their commitment to a close and constructive regulatory relationship, and

Recognising the increasing international activity in the financial markets, and the corresponding need for cooperation between national authorities,

Have reached the following understanding:

2. DEFINITIONS

For the purposes of this Memorandum of Understanding:

“Authority” means the Australian Securities and Investments Commission or the Autorité Des Marchés Financiers, as the case may be;

“Authorities” means the Australian Securities and Investments Commission and the Autorité Des Marchés Financiers;

“laws and regulations” means the provisions of the laws, regulations and any other regulatory requirements administered by the Authorities.

“regulated person” means any person whose activities subject it to the supervision, oversight and/or authorisation or registration of one of the Authorities.

“Requested Authority” means the Authority to whom a request is made pursuant to paragraph 5 of this Memorandum of Understanding;

“Requesting Authority” means the Authority making a request pursuant to paragraph 5 of this Memorandum of Understanding; and

“person” means a natural or legal person, or unincorporated entity or association, including corporations and partnerships.

3. PRINCIPLES

3.1. This Memorandum of Understanding is a statement of the intent of the Authorities to consult, cooperate and exchange information in relation to the laws and regulations of each Authority, subject to the domestic law of each Authority.

Sharing of understandings

3.2. The Authorities recognise the need and desirability for providing mutual assistance and exchanging information to assist each other in ensuring compliance with the laws and regulations of each.

3.3. The Authorities recognise the importance of regulatory convergence and close communication, and wish to strengthen cooperation and collaboration in that objective. In particular, they intend to consult regularly and exchange information on the evolutions of the regulatory environment in their respective country and region, and to share experience and expertise in order to reach better understanding in areas of common interest including but not limited to investor information and education, addressing risks, financial information and disclosure, credit rating agencies, market regulation, intermediaries regulation including issues related to product manufacturing and distribution, and asset management.

3.4. The Authorities anticipate that cooperation will be primarily achieved through ongoing, informal consultations, supplemented, when necessary, by more in-depth cooperation, including through mutual assistance and information-gathering and sharing. The provisions of this Memorandum of Understanding are intended to support such informal communication as well as to facilitate more formal processes such as the written exchange of non-public information where necessary.

3.5. The Authorities agree to establish such arrangements as are appropriate to facilitate further cooperation in relation to the matters mentioned in this Memorandum of Understanding and explore ways to enhance this cooperation with a view to facilitating cross-border financial activities in fields such as, for example, collective investments, by minimising unnecessary regulatory duplication.

Bilateral cooperation

3.6. Concerning mutual assistance, the Authorities will use their best endeavours to meet the terms of this Memorandum of Understanding.

- 3.7. To the extent permitted by domestic laws and practices, national or public interests, each Authority will use reasonable efforts to provide the other Authority with:
- (a) Assistance requested under and made in accordance with this Memorandum of Understanding, or of the IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information, to which the Authorities are signatories; and
 - (b) Any information obtained by it which gives rise to a suspicion of a breach or anticipated breach of the laws or regulations of the other Authority or which may assist the other Authority to perform a function or exercise a power under the laws and regulations of its jurisdiction.
- 3.8. This Memorandum of Understanding does not:
- (a) impose any legally binding obligations on the Authorities or modify or supersede any domestic laws in force in the jurisdictions of or applying to the Authorities;
 - (b) affect any right of any Authority under its domestic laws or any other arrangement to take measures to assess or ensure compliance with, or to enforce, the laws and regulations of the Authority. In particular, this Memorandum of Understanding does not affect any right of either Authority to communicate with or obtain information or documents from any other person on a voluntary basis in the jurisdiction of the other Authority when the local legislation allows it and provided that any existing procedures or protocols for the obtaining of such information or documents are observed; or
 - (c) give rise, directly or indirectly, on the part of any person other than the Authorities to the right to obtain, suppress or exclude any information or to challenge the execution of a request for assistance under this Memorandum of Understanding.
- 3.9. In addition, this Memorandum of Understanding does not affect any arrangements made or to be made under other Memoranda of Understanding, and is intended to complement but not otherwise affect existing arrangements concerning cooperation in securities matters including:
- (a) the IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information, to which the Authorities are signatories, and
 - (b) any other relevant arrangements between the Authorities.
- 3.10. In the event of any inconsistency between this MOU and the provisions of the IOSCO multilateral memorandum of understanding, of which both Authorities are signatories, the provisions of the IOSCO MMOU shall prevail.
- 3.11. The Authorities may consult and may revise the terms of this Memorandum of Understanding in the event of a substantial change in laws, practices and market or business conditions affecting its operation.

4. SCOPE OF COOPERATION

Mutual assistance and exchange of information

- 4.1 Subject to the domestic laws of each Authority and to the terms of this Memorandum of Understanding:
- (a) Each Authority will provide the other Authority, upon written request, with information or other assistance for the purpose of supervising or of assessing or securing compliance with or enforcing the respective laws and regulations of the Authorities.
 - (b) The Requested Authority will give to the Requesting Authority any information already in its possession that is relevant to the request.
 - (c) The Requested Authority will endeavour to obtain documents and information from persons in order to satisfy the Requesting Authority's request. This will include obtaining information from persons relevant to the request.
 - (d) The Requesting Authority may request that the Requested Authority conduct examinations or take statements from specific persons. If requested by the Requesting Authority, the Requested Authority will examine (under oath if permissible) persons involved directly or indirectly in the activities underlying the request, or holding information that may assist in carrying out the request.

Consultation

- 4.2 The Authorities may consult one another informally at any time about a request or proposed request.
- 4.3 The Authorities intend to consult regularly in regard to:
- (a) general regulatory, oversight or enforcement related issues or developments;
 - (b) issues relevant to the operations, activities and regulation of regulated persons who, or whose activities, have a connection with either or both jurisdictions;
 - (c) the identification, assessment and mitigation of risks to Australian and French markets and investors, including those posed by regulated persons whose activities are systemically significant; and
 - (d) any other areas of mutual interest.
- 4.4 Cooperation will extend, but will not be limited, to matters relating to applications for registration or authorisation and to ongoing supervision and oversight of regulated persons who are registered or licensed in one jurisdiction and operate in the other.

Advance notification

4.5 Each Authority will inform the other Authority in advance where practicable, or as soon as possible thereafter if not, of :

- (a) pending regulatory or policy changes;
- (b) material events; and
- (c) enforcement or regulatory actions or sanctions,

of which they are aware and that may have a significant impact on the operations, activities, or reputation of regulated persons who, or whose activities, have a connection with either or both jurisdictions.

Unsolicited information

4.6 Where one Authority has information, which will assist the other Authority in the performance of its regulatory functions, the former may provide such information, or arrange for such information to be provided, on a voluntary basis even though no request has been made by the other Authority. The terms and conditions of this Memorandum of Understanding will apply if the providing Authority specifies that the information is passed under this Memorandum of Understanding.

5. EXECUTION OF REQUESTS

5.1 The requests for information or other assistance, except for the purpose of informal consultation and exchanges of information such as that mentioned in paragraphs 3.3 and 4.3, will be made in writing and addressed to the Requested Authority's contact person(s) as provided for in paragraph 11. In urgent cases, requests may be made in summary form to be followed with a full request within five (5) business days.

5.2 Requests for information should specify:

- (a) the information required (identify the documents or information sought, identity of persons, specific questions to be asked etc.);
- (b) the purpose for which the information is sought (including details of the law or regulation pertaining to the subject matter of the request);
- (c) whether the information is sought as part of an investigation into suspected breaches of the law or regulation or for compliance activities;
- (d) the link between the specified law or regulation and the regulatory functions of the Requesting Authority;
- (e) the relevance of the requested assistance to the specified law or regulation;

- (f) in the case of requests for assistance in relation to an investigation, the possible sanctions or penalties that may result from proceedings arising from the investigation;
- (g) to whom (if anyone), onward disclosure of information is likely to be necessary, and in this context, the reason for such disclosure;
- (h) any information in the possession of the Requesting Authority that might assist the Requested Authority in identifying the persons or entities believed by the Requesting Authority to possess the information sought or the places where such information may be obtained;
- (i) the desired time period for the reply; and
- (j) any other matters specified by the domestic laws of the Requested Authority.

5.3 Any document or other material provided in response to a request under this Memorandum of Understanding must be returned if asked for by the Requested Authority, to the extent permitted by the domestic laws of the Requesting Authority.

5.4 Each request will be assessed on a case-by-case basis by the Requested Authority to determine whether assistance can be provided under the terms of this Memorandum of Understanding. In any case where the request cannot be accepted completely, the Requested Authority will consider whether there may be other assistance that can be given, to the extent permitted by the domestic laws of the Requested Authority.

5.5 In deciding whether to accept or decline a request, the Requested Authority will take account of :

- (c) matters specified by the domestic laws of the Requested Authority;
- (d) whether the request involves an assertion of jurisdiction not recognised by the law of the Requested Authority; and
- (e) whether it would be contrary to national or public interest to give the assistance sought.

6. PERMISSIBLE USES OF INFORMATION

6.1 Any assistance or information will be provided by an Authority only for the purposes of assisting in the performance of regulatory functions in the other jurisdiction. Any assistance or information provided under this Memorandum of Understanding should be used by the recipient only for such a purpose being also the purpose stated in the request. These purposes may include:

- (a) monitoring compliance with the laws and regulations of the Requesting Authority; or

- (b) ensuring compliance with or enforcement of the laws and regulations of the Requesting Authority specified in the request, by initiating or assisting in criminal civil or administrative proceedings arising out of the breach of such law or regulations.
- 6.2 If the Requesting Authority desires to use the information obtained for any purpose other than that stated in paragraphs 3.3, 4.3, 4.4 and 6.1 above, the Requesting Authority must notify and seek the consent of the Requested Authority to such use of the information.

7. CONFIDENTIALITY

- 7.1 Each Authority will keep confidential, to the extent permitted by domestic laws and unless the other Authority waives such confidentiality:
- (a) any request for information made under this Memorandum of Understanding and any matter arising in the course of the operation of this Memorandum of Understanding, including consultations between the Authorities and solicited or unsolicited assistance, unless such disclosure is necessary to carry out the request; and
 - (b) any information received pursuant to this Memorandum of Understanding, unless it is disclosed in furtherance of the purpose for which it was requested.
- 7.2 Each Authority will establish and maintain such safeguards as are necessary and appropriate to protect the confidentiality of such information or assistance.
- 7.3 Notwithstanding the provisions of paragraph 7.1, the confidentiality provisions of this Memorandum of Understanding shall not prevent the Authorities from informing other domestic law enforcement or regulatory bodies of the request, such as the Autorité de Contrôle Prudentiel, or the Australian Prudential Regulation Authority, provided that such bodies:
- (a) also have responsibilities under or associated with the respective laws and regulations of the Authorities; or
 - (b) need to be informed in order to assist the Requested Authority in complying with the request.
- 7.4 If an Authority becomes aware that information received under this Memorandum of Understanding may be subject to a legally enforceable demand to disclose, it will to the extent permitted by law, inform the other Authority of the situation. The Authorities will then discuss and determine the appropriate course of action.

8. COST OF INVESTIGATION OR ASSISTANCE

- 8.1 The Requested Authority may in exceptional circumstances, as a condition of agreeing that assistance is given under this Memorandum of Understanding, require the Requesting Authority to make a contribution to costs. Such a contribution may, in particular, be required where the cost of executing a request is substantial.

9. ENTRY INTO EFFECT

- 9.1 This Memorandum of Understanding will be effective from the date of signing by the Authorities. From that date, this Memorandum of Understanding replaces the Memorandum of Understanding between the Australian Securities Commission and the French Commission des Opérations de Bourse dated 14 March 1995.

10. TERMINATION

- 10.1 This Memorandum of Understanding will continue in effect until the expiry of thirty (30) days after either Authority gives written notice to the other Authority of its intention to terminate. This Memorandum of Understanding will continue to have effect with respect to all requests for assistance that were made before the effective date of termination.

11. CONTACT PERSONS

- 11.1 All communications between the Authorities should be between the principal points of contact as set out in Appendix A unless otherwise agreed. Appendix A may however be amended by written notice from either Authority without the need for the re-signing of this Memorandum of Understanding.

Signed this 22ND day of MARCH 2013 in SYDNEY, AUSTRALIA
