

Memorandum of Understanding
between
Australian Securities and Investments Commission
and
Chi-X Australia Pty Limited ABN 47 129 584 667

PART ONE: BACKGROUND

1. This MOU aims to promote cooperation, sharing of information and mutual assistance between ASIC and Chi-X to facilitate the efficient discharge of their respective roles and responsibilities under the Corporations Act.
2. ASIC is responsible (among other things) for the administration of the Corporations Act. Under subsection 1(2) of the ASIC Act, in performing its functions or exercising its powers, ASIC must strive (among other things) to:
 - (a) maintain, facilitate and improve the performance of the financial system and the entities within that system in the interests of commercial certainty, reducing business costs, and the efficiency and development of the economy;
 - (b) promote the confident and informed participation of investors and consumers in the financial system;
 - (c) administer the laws that confer functions and powers on it effectively and with a minimum of procedural requirements; and
 - (d) take whatever action it can take, and is necessary, in order to enforce and give effect to the laws of the Commonwealth that confer functions and powers on it.
3. Under Part 7.2A of the Corporations Act, ASIC has the function of supervising financial markets the operators of which are licensed under subsection 795B(1) of the Corporations Act.
4. ASIC has a broad range of enforcement powers and may take enforcement action for contraventions of the Corporations Act (including the market integrity rules) and ASIC Act, including administrative action, civil litigation or referring a matter to the DPP for prosecution. ASIC also has the capacity to take action to enforce the operating rules of licensed markets under paragraph 793C(1)(a) of the Corporations Act.
5. Chi-X is an operator of a licensed market under its Australian market licence. Chi-X provides a trading facility to participants, subject to regulatory oversight by ASIC.
6. Chi-X's operating rules have contractual force and are recognised in the Corporations Act. Among other things, Chi-X's operating rules are given the force of a contract under seal between Chi-X and the participants involved in the market by section 793B of the Corporations Act.
7. Chi-X has obligations derived from its licence as set out in the Corporations Act. These obligations include (but are not limited to): to the extent it is reasonably practicable to do so, to do all things necessary to ensure that the market is a fair, orderly and transparent market; and to have adequate arrangements for operating the market, including arrangements for monitoring and enforcing compliance with the operating rules of the market. Chi-X has powers derived from the operating rules (and recognised in the Corporations Act) to investigate and take enforcement action in respect of breaches of the operating rules.
8. There is potential for overlap and duplication between ASIC's regulatory functions and powers and Chi-X's obligations to monitor and enforce compliance with its operating rules.
9. This MOU does not supersede or modify any law in force that applies to ASIC or Chi-X. This MOU does not create any enforceable rights, any legally binding obligations or agreement but is instead intended to be a statement of guiding principles covering the following aspects of the ASIC-Chi-X relationship:

- (a) the referral of matters by one party to the other where one party has reason to suspect that a person has committed, is committing or is about to commit a significant contravention of Chi-X's operating rules or the Corporations Act;
 - (b) notification by ASIC and Chi-X of various matters in accordance with the functions and statutory obligations (respectively) of the parties;
 - (c) the sharing of information between the parties to assist each party to carry out functions (in the case of ASIC) and comply with obligations (in the case of Chi-X) under the Corporations Act; and
 - (d) the co-ordination of compliance and enforcement activities for efficiency and to avoid duplication of effort.
10. ASIC and Chi-X have agreed to form various joint-forums, including an ASIC-Chi-X Compliance Liaison Committee in which to exchange information and address, at an operational level, the arrangements and understandings set out in this MOU. The nature, purpose and frequency of the ASIC-Chi-X Compliance Liaison Committee and any other joint-forums will be:
- (a) agreed from time to time by the parties to this MOU; and
 - (b) set out in a side letter, signed by the representatives named in paragraph 48.

PART TWO: DEFINITIONS

11. For the purposes of this MOU:

"ASIC" means the Australian Securities and Investments Commission

"ASIC-Chi-X Compliance Liaison Committee" means the central coordinating committee referred to in paragraph 10 of this MOU.

"ASIC Act" means the *Australian Securities and Investments Commission Act 2001*.

"Chi-X" means Chi-X Australia Pty Limited ABN 47 129 584 667.

"Corporations Act" means the *Corporations Act 2001*.

"DPP" means the Commonwealth Director of Public Prosecutions.

"MOU" means this Memorandum of Understanding.

"notification" means a written notification given to Chi-X by ASIC described in paragraph 15 of this MOU.

"party" means a party to this MOU, being either ASIC or Chi-X.

"Privacy Act" means the *Privacy Act 1988* (Cth).

"referral" has the meaning given by paragraph 12 of this MOU.

"related body corporate" has the meaning given by section 9 of the Corporations Act.

"report" has the meaning given by paragraph 18 of this MOU.

Each of the following terms has the meaning given by section 761A of the Corporations Act:

"Australian market licence"

"licensed market"

"market integrity rules"

"market licensee"

"operating rules"

"participant"

PART THREE: REFERRALS NOTIFICATIONS AND REPORTS

12. Under paragraph 792B(2)(c) of the Corporations Act, Chi-X is required to give written notice (a "referral") to ASIC as soon as practicable if it has reason to suspect that a person has committed, is committing or is about to commit a significant contravention of its operating rules or the Corporations Act (it being acknowledged for these purposes that a contravention of the market integrity rules is also a contravention of section 798H of the Corporations Act).
13. ASIC and Chi-X may agree guidelines or protocols for inclusion of information in referrals additional to the information Chi-X is required to give to ASIC under paragraph 792B(2)(c) of the Corporations Act. Those guidelines or protocols will seek to ensure the most efficient use of resources by both ASIC and Chi-X in making or reviewing a referral.
14. ASIC will review all referrals from Chi-X within a reasonable time and, where appropriate, may do the following:
 - (a) in those cases where ASIC is satisfied that a significant contravention has occurred and where sufficient evidence exists, take enforcement action or administrative action;
 - (b) decide to discuss the matter with the relevant participant, in order to encourage compliance but not take any additional action; or
 - (c) decide not to take any specific action (other than to record information relating to the matter in its files or databases for future reference).

In each case, ASIC will provide timely advice to Chi-X as to whether ASIC proposes to take action of a type referred to in paragraph (a) in relation to the referral and, if not, the reasons for not taking action. Chi-X acknowledges that the reasons provided to it by ASIC in accordance with this paragraph are confidential information.

15. Where ASIC has reason to suspect that a person has committed, is committing or is about to commit a significant contravention of the Chi-X operating rules, ASIC will, subject to the Privacy Act and section 127 of the ASIC Act, as soon as practicable, provide written notification ('notification') of the matter to Chi-X, together with information and documentation to assist Chi-X in assessing the matter. Such matters may include:
 - (a) a suspected breach of the Chi-X operating rules, which may be more appropriately dealt with under Chi-X's disciplinary powers, with the following information to be included:
 - (i) the name of the participant or participants involved;
 - (ii) the names of individual or individuals involved;
 - (iii) the names of clients affected (if any);
 - (iv) the dates that the suspected contravention or contraventions occurred;
 - (v) a meaningful description of the matter;
 - (vi) the ASIC team handling the matter; and
 - (vii) the name of the ASIC case officer handling the matter.

16. Chi-X will review notifications from ASIC within a reasonable time and, where appropriate, may do the following:
- (a) in those cases where Chi-X is satisfied that enforcement action is appropriate and where sufficient evidence exists, take enforcement action;
 - (b) subject to any obligations imposed by section 127 of the ASIC Act in relation to information disclosed to Chi-X by ASIC, decide to discuss the matter with the relevant participant in order to encourage compliance but not take any additional action; or
 - (c) decide not to take any specific action (other than to record information relating to the matter in its files or databases for future reference).

In each case, Chi-X will provide timely advice to ASIC as to whether Chi-X proposes to take enforcement action or other action to encourage compliance in relation to the notification and, if not, the reasons for not taking action. ASIC acknowledges that reasons provided to it by Chi-X in accordance with this paragraph are confidential information.

17. In the case of referrals and reports by Chi-X to ASIC and the notification by ASIC to Chi-X under paragraph 15, the parties agree, subject to the Privacy Act and section 127 of the ASIC Act, to undertake early discussion to:
- (a) assist ASIC or Chi-X to decide whether to investigate the matter and/or take enforcement action;
 - (b) determine which party should undertake any investigation or enforcement action; and
 - (c) identify any necessary information and assistance (including the provision of evidence, where appropriate) that can be provided by the other party.

Such discussion should take place at the first meeting of the ASIC-Chi-X Compliance Liaison Committee after the referral or notification is received if it has not taken place earlier.

18. Under subsection 792B(3) of the Corporations Act, Chi-X is required to give a written report ("report") to ASIC if Chi-X becomes aware of a matter which Chi-X considers has adversely affected, is adversely affecting or may adversely affect the ability of a participant in the market, who is a financial services licensee, to meet the participant's obligations as a financial services licensee or a matter, concerning a participant in the market who is a financial services licensee, that is of a kind prescribed by regulations. Chi-X agrees to include the following information in a report:
- (a) the licensee's name;
 - (b) all information relevant to the matter that is known to Chi-X at the time of making the report; and
 - (c) Chi-X's reasons for making the report.
19. ASIC and Chi-X may agree further guidelines or protocols for:
- (a) the content of reports and referrals given to ASIC by Chi-X;
 - (b) the content of notifications given to Chi-X by ASIC;
 - (c) the content of written notices (however called) required to be given to ASIC by Chi-X under the market integrity rules; and
 - (d) the data feed Chi-X must provide to ASIC under the market integrity rules.

PART FOUR: INFORMATION SHARING

20. In addition to the referrals, reports and notifications referred to in this MOU, and subject to all applicable laws including but not limited to the Privacy Act and the ASIC Act, ASIC and Chi-X will, where appropriate, share other

information. Sharing of information will usually take place by written or email communication or by communication at an ASIC-Chi-X Compliance Liaison Committee meeting. It is agreed that information sharing should occur in the following circumstances, subject to all applicable legal considerations and restrictions:

- (a) where ASIC receives a complaint alleging a significant breach of the Chi-X operating rules by a participant and ASIC reasonably believes that Chi-X may wish to consider taking further action in relation to the complaint (notwithstanding that ASIC may not otherwise have sufficient information about the subject matter of the complaint to give a notification under paragraph 15 of this MOU);
- (b) where Chi-X receives a complaint alleging a significant breach of the Corporations Act or the market integrity rules and Chi-X reasonably believes that ASIC may wish to consider taking further action in relation to the complaint (notwithstanding that Chi-X may not otherwise have sufficient information about the subject matter of the complaint to ground a referral);
- (c) where one party becomes aware of information which is materially relevant to an investigation or enforcement action being conducted by the other party;
- (d) where, through the conduct of an enforcement action, either party acquires or develops new knowledge of the interpretation or legal consequences of particular market behaviour or other knowledge which may be of assistance to the other party in current or future enforcement actions;
- (e) where either party has reason to believe that a participant may be insolvent or may be at risk of defaulting on any of its obligations under the Corporations Act or relevant operating rules or to clients generally; and

ASIC and Chi-X may agree guidelines or protocols detailing the timing, nature and scope of the provision of information relating to the examples set out in this paragraph.

- 21. ASIC and Chi-X also agree, subject to all applicable laws including but not limited to the Privacy Act and the ASIC Act, to share information on a real time basis on matters which are likely to assist in their respective market surveillance activities. ASIC and Chi-X may agree guidelines or protocols detailing the timing, nature and scope for the sharing of this information.
- 22. The examples set out in this MOU do not limit the parties' intention or ability to share information or to cooperate with respect to other matters, where appropriate and subject to applicable legal constraints.
- 23. Chi-X will publish on its website a list of the waivers it has granted to participants from the Chi-X operating rules. The list will be updated by Chi-X at least once a month and include:
 - (a) the name of the participant receiving the waiver;
 - (b) the date the waiver was granted;
 - (c) the operating rules waived; and
 - (d) a summary of the basis for granting the waiver.

Limitations on information sharing

- 24. The provision of any information by ASIC or Chi-X to the other under this MOU is subject to all relevant legal considerations and restrictions including, for example, the restrictions imposed by the Privacy Act and the ASIC Act and considerations relating to legal professional privilege, natural justice, criminal contempt and breach of confidence.
- 25. Each party acknowledges the confidentiality requirements imposed on ASIC, and on recipients of information from ASIC, under section 127 of the ASIC Act.
- 26. ASIC acknowledges that Chi-X may not be in a position to disclose information held by Chi-X without first receiving a notice from ASIC under the ASIC Act or the Corporations Act to produce the information. Where that

is the case, Chi-X will notify ASIC in a timely manner and the parties will co-operate to ensure that an appropriate notice is issued.

27. Chi-X acknowledges that in some circumstances, including circumstances in which a person has provided ASIC with information in confidence, ASIC may be required to afford procedural fairness prior to releasing information to Chi-X. The rules of procedural fairness may require that ASIC advise persons who may be affected and seek submissions concerning ASIC's intention to release the information to Chi-X as well as any conditions which may be attached to the release, and to take any submissions made into account.
28. Subject to paragraphs 29, 34 and 35 of this MOU, neither ASIC nor Chi-X will disclose any confidential information obtained under this MOU to a third party
 - (a) unless it has obtained the prior consent of the other party to disclosing the confidential information; or
 - (b) disclosure is required, authorised or permitted by law; or
 - (c) the information is disclosed in the course of, and for the purposes of, enforcement proceedings or by that party, or administrative action by ASIC.

If paragraph (b) applies, the party seeking to disclose will, wherever practicable, notify the other party in sufficient time ahead of the intended disclosure so as to enable that party to take action to protect the release of the confidential information.

29. ASIC may disclose confidential information obtained under this MOU to its responsible Minister or in response to a request by a House or a Committee of the Parliament of the Commonwealth of Australia.

PART FIVE: POTENTIAL CONFLICT SITUATIONS – SECTIONS 798DA – 798E OF THE CORPORATIONS ACT

30. Section 798DA of the Corporations Act provides for ASIC to make decisions and take action in relation to certain matters concerning Chi-X, its related entities and its competitors.
31. Section 798E of the Corporations Act enables regulations to be made to provide for the rules and procedures that are to apply in the case of conflicts or potential conflicts between the commercial interests of Chi-X and the need for it to ensure that the market operates in a fair, orderly and transparent way under s792A(a) of the Corporations Act.
32. Under the Corporations Act, ASIC may reasonably request Chi-X to provide such information and assistance as is reasonably requested by ASIC to enable ASIC to supervise any of its related entities who become participants in its market. ASIC and Chi-X may enter into protocols under paragraph 47 to detail these arrangements.

PART SIX: CO-OPERATION AROUND WHOLE OF MARKET SUPERVISION

33. Chi-X acknowledges that there may be circumstances where cooperation between it and other market operators, including by sharing information, may be necessary to promote market integrity.
34. Subject to the Privacy Act and section 127 of the ASIC Act, ASIC may request or obtain information from Chi-X and disclose it to other market operators.
35. Similarly, and subject to the Privacy Act and section 127 of the ASIC Act, ASIC may disclose to Chi-X confidential information obtained by ASIC from other market operators.
36. ASIC and Chi-X may agree to establish joint-forums involving other market operators, for example to discuss issues relating to co-ordination and co-operation among ASIC, Chi-X and other market operators. The purpose and scope of any joint-forum will be set out in a side letter signed by the parties' representatives named in paragraph 48 or by other authorised representatives of each party.
37. The parties may agree to establish a protocol or protocols pursuant to paragraph 47 with other market operators to set out detailed arrangements for whole of market co-ordination and cooperation.

PART SEVEN: PUBLICITY

38. The parties acknowledge that disclosure by ASIC of a report or referral given by Chi-X to ASIC, or disclosure by Chi-X of a notification given by ASIC to Chi-X, or disclosure by either party of information obtained by the other party in the course of conducting an investigation or enforcement action, is undesirable and may jeopardise investigations or enforcement actions.
39. The parties also acknowledge that in a limited number of cases, either or both of the parties may have to deal with inquiries from third parties about a matter of high public profile. In such circumstances, where time permits, each party will consult with the other before making public any information in relation to a current investigation or enforcement action or a possible future investigation or enforcement action being conducted by the other. Without limitation, this includes any matter where:
 - (a) a referral has been made by Chi-X to ASIC and ASIC has not communicated that it does not intend to conduct enforcement action in the matter; and
 - (b) a notification has been given by ASIC to Chi-X and Chi-X has not communicated that it does not intend to conduct enforcement action in the matter.
40. Where a party makes a public statement relating to a matter in relation to which the other party has made a referral or notification or given significant assistance, the first party will give public acknowledgment of that fact. When time permits, the wording of the acknowledgment will be settled with the other party before release.
41. Any publicity by ASIC in relation to a current ASIC investigation or enforcement action or a possible future ASIC investigation or enforcement action will be made in accordance with ASIC Regulatory Guide 47.
42. The parties acknowledge that it will sometimes be necessary for Chi-X to make public information regarding an enforcement activity in order to prevent uninformed trading, or to explain a suspension of trading.
43. Chi-X may from time to time publish:
 - (a) a summary of the number and type of referrals and reports made to ASIC, provided the summary does not name the persons or entities the subject of the referrals or reports, or include other information that might allow the names of the persons or entities involved to be deduced; and
 - (b) after the conclusion of an enforcement action by ASIC, initiated following a referral from Chi-X to ASIC, a statement about that enforcement action and the fact that Chi-X made that referral.

PART EIGHT: ADMINISTRATION

Implementation

44. This MOU comes into effect on the date it is executed and continues in effect until terminated under paragraph 45 or 46.
45. If Chi-X ceases to be a market licensee this MOU terminates on and from the date it ceases to be such a licensee.
46. This MOU may be terminated by written agreement of both parties, or six months after one party gives written notice to the other of an intention to terminate.

Guidelines, protocols and side letters

47. This MOU may be supplemented by guidelines, protocols or side letters specifying agreed operational arrangements to give effect to the arrangements and understandings in this MOU from time to time. These will include the guidelines, protocols and side letters foreshadowed in this MOU.
48. Any such guidelines or protocols and any written notices or side letters required or contemplated under this MOU may be signed by:
 - (a) The Senior Executive Leader of Exchange Market Operators or the Senior Executive Leader of Market Participants & Stockbrokers, on behalf of ASIC; and
 - (b) the Chief Operating Officer and Head of Compliance & Regulatory Affairs or Counsel of Chi-X, on behalf of Chi-X.

SIGNED BY

Dated this 25th day of October 2011.
