User guide

ASIC Search

Search business name index

The screens and data pictured in this guide are examples only. Actual screens may have minor differences in text and layout.
Search business name index

- **ASIC Connect Search** is the online system used to search ASIC’s register.

- ASIC’s business name index can be searched directly from **ASIC Connect**.

- The more criteria you enter about the search you want to conduct, the more relevant the results will be.

- Further assistance about using **ASIC Connect** can be accessed via the Help button at the top right-hand side of the screen.

- Visit our support page for more user guides about other **ASIC Connect** transactions.
Start your business name search

Click on Business names.

This will take you to ASIC Connect Search.

The screens and data pictured in this guide are examples only. Actual screens may have minor differences in text and layout.
Start your business name search

1. Select the **Search business names register** tab.
2. Select **Business names index** from the drop-down box.
3. Enter the business name or number.
4. Select **Go** to view results.
Search results

This screen shows basic information about each business name.

1. Select the business name to view more information. You can also select more than one business name by ticking the boxes and selecting View Details.

2. Select View results list to print the results in PDF.

3. Select New Search to start another search.
