Australian Securities and Investments Commission
Corporations Act 2001 – Paragraphs 601QA(1)(a) and 601QA(1)(b)- Exemption and Declaration

Under paragraph 601QA(1)(a) of the *Corporations Act 2001* ("the Act") the Australian Securities and Investments Commission ("ASIC") exempts the persons referred to in Schedule A from paragraph 601FC(1)(d) of the Act to the extent that it would otherwise prevent the responsible entity from dealing with foreign members in the way described in subparagraphs 601GA(1)(a)(iia), (iva) or (va) as notionally inserted into the Act by this instrument.

Under paragraph 601QA(1)(b) of the Act ASIC declares that Chapter 5C of the Act applies to the persons mentioned in Schedule A in the case set out in Schedule B as if Chapter 5C were modified or varied as follows:

1. after subparagraph 601GA(1)(a)(i) as notionally inserted into Chapter 5C by ASIC Class Order [CO 98/52] insert:

"(ia) interests in the scheme may be issued, at a price determined by the responsible entity, while the scheme is included in the official list of the financial market operated by Australian Stock Exchange Limited or listed on an approved foreign exchange as defined in sub-regulation 1.2A.02(2) of the *Corporations Regulations 2001* and Stapled Securities of which the interests form a component part, or if the interests to be issued are in a class of interests, Stapled Securities of which interests of that class form a component part are not suspended from quotation, where the issue of the interests is not to the responsible entity or any person associated with it, and, in the case where:

(A) the issue (together with any other issue of interests up to one year previously, at a consideration determined by the responsible entity other than an issue approved or ratified by the members in accordance with subparagraphs (C) to (H) and issues in accordance with other provisions of the constitution) is of interests that would, immediately after the issue, comprise more than 10% of either:

- all of the interests in the scheme; or
- the interests on issue in the scheme in the same class as the interests comprised in the issue;

or

(B) the amount by which the issue price of the Stapled Securities of which the interests form a component part is less than the current market price for those Stapled Securities exceeds 10%.

the following requirements are also satisfied:

(C) the members approve the issue;

(D) if the interests to be issued are in a particular class, members in that class approve the issue;

- (E) unless the responsible entity reasonably considers that the issue will not adversely affect the interests of members in another class, members in that other class approve the issue;
 - (F) any notice convening a meeting to vote on the issue contains particulars of the use to be made of the money raised by the issue;
 - (G) an approval for the purposes of subparagraphs (C), (D) or (E) is given by special resolution of the members where members with at least 25% of the total value of all the interests of members entitled to vote on the question vote on the question at the meeting; and
 - (H) if in making the calculations referred to in subparagraph (G) any vote of a person to whom the interests are to be issued or any vote of any associate of that person were not counted, the resolutions would be passed;
- (ib) interests in the scheme may be issued, at a price determined by the responsible entity, while the scheme is included in the official list of the financial market operated by Australian Stock Exchange Limited or listed on an approved foreign exchange as defined in sub-regulation 1.2A.02(2) of the *Corporations Regulations 2001* and Stapled Securities of which the interests form a component part, or if the interests to be issued are in a class of interests, Stapled Securities of which interests of that class form a component part are not suspended from quotation, where:
- (A) the issue of the interests is not to the responsible entity or any person associated with it; and
 - (B) the interests are issued pursuant to offers made at substantially the same time; and
 - (C) the sum of the prices of the interest and the share which make up the Stapled Security is equal to the current market price for the Stapled Security, as defined in the constitution of the scheme, at the time the offers are made.
2. after subparagraph 601GA(1)(a)(iii) as notionally inserted into Chapter 5C by ASIC Class Order [98/52] insert:
- "(iiia) interests in the scheme that are component parts of Stapled Securities, other than options to subscribe for such interests, may be issued at a price determined by the responsible entity, pursuant to offers made at substantially the same time to only and all the then members of the scheme (other than members who hold interests that are not component parts of Stapled Securities) if:
- (A) all of the interests offered are in the same class;
 - (B) the price of all the interests offered is the same;
 - (C) the amount by which the price of the Stapled Securities of which the interests form a component part is less than any amount that would otherwise apply under the constitution does not exceed a maximum percentage specified in the constitution; and

05 / 0452

(D) the amount of interests offered to each member (other than members who hold interests that are not component parts of Stapled Securities) is proportionate to the value of that member's interest,

where if the responsible entity reasonably considers that it would be in the best interests of members to exclude certain members that are connected to a place outside this jurisdiction (*foreign members*) and not unfair to those members, the responsible entity need not offer or issue the interests to the foreign members if each interest is sold in the context of a sale of a Stapled Security, taking reasonable steps to maximise the sale price net of expenses of the sale and the foreign members are promptly paid the net sale price. ";

3. after subparagraph 601GA(1)(a)(iv) as notionally inserted into Chapter 5C by ASIC Class Order [CO 98/52] insert:

"(iva) an option to subscribe for an interest in the scheme (*Option*) that is a component part of a Stapled Option may be issued and an interest may be issued on exercise of the Option, at a price determined by the responsible entity, if the Options are issued pursuant to offers made at substantially the same time to only and all the then members of the Scheme (other than members who hold interests that are not component parts of Stapled Securities) in proportion to the value of their interests if:

- (A) all the Options offered are in the same class;
- (B) the issue and the exercise price of all the Options offered is the same;
- (C) the means of calculating the exercise price is set out in the terms of issue of the Option; and
- (D) the amount by which the exercise price of the Option is less than the amount that would otherwise apply under the constitution does not exceed a maximum percentage specified in the constitution on the date of exercise of the Option,

where if the responsible entity reasonably considers that it would be in the best interest of members to exclude certain members that are connected to a place outside this jurisdiction (*foreign members*) and not unfair to those members, the responsible entity need not offer or issue the options to the foreign members if each option is sold in the context of a sale of an option over a Stapled Security, taking reasonable steps to maximise the sale price net of expenses of the sale and the foreign members are promptly paid the net sale price.";

4. after subparagraph 601GA(1)(a)(v) as notionally inserted into Chapter 5C by ASIC Class Order [98/52] insert:

"(va) an interest in the scheme that is a component part of a Stapled Security, other than an option to subscribe for such an interest, may be issued at a price determined by the responsible entity under an arrangement where:

- (A) the whole or part of any money payable to a member under the constitution, by way of distribution of capital or income, is applied in payment for the subscription for interests in the scheme;
- (B) each member of the scheme may from time to time elect to participate in that arrangement as to the whole, or some proportion, of the distributions which are, or would otherwise be, payable to that member;
- (C) all the interests issued under the arrangement are of the same class;
- (D) the price of each interest issued pursuant to that arrangement at substantially the same time is the same;
- (E) the amount by which the price of the Stapled Securities of which the interests form a component part is less than the amount that would otherwise apply under the constitution does not exceed a maximum percentage specified in the constitution,

where if the responsible entity reasonably considers that it would be in the best interests of members to exclude certain members that are connected to a place outside this jurisdiction (*foreign members*) and not unfair to those members, the responsible entity need not offer or issue the interests to the foreign members if each interest is sold in the context of the sale of a Stapled Security, taking reasonable steps to maximise the sale price net of expenses of the sale and the foreign members are promptly paid the net sale price.";

5. after subparagraph 601GA(1)(a)(vi) as notionally inserted into Chapter 5C by ASIC Class Order [CO 98/52] insert:

"(via) where Stapled Securities are quoted on the financial market operated by the Australian Stock Exchange Limited and not suspended from quotation, interests in the scheme that form a component part of stapled securities may be sold by the responsible entity or its agent, at a price determined by the responsible entity, where:

- (A) part of the issue price of the interest has not been paid when called and, in accordance with the terms of the constitution, the interest has consequently been forfeited to the responsible entity on trust for the members; and
- (B) the sale of the interest occurs in the context of a sale of the Stapled Security conducted in accordance with section 254Q of the Act other than subsections 254Q(1), 254Q(10), 254Q(13) and 254Q(14) as if the Stapled

Corporations Act 2001 — Paragraph 601QA(1)(b) — Declaration

Under paragraph 601QA(1)(b) of the *Corporations Act 2001* (the **Act**) the Australian Securities and Investments Commission (**ASIC**) declares that Chapter 5C applies to the person in Schedule A in the case set out in Schedule B as if subsection 601FL(1) of the Act were modified or varied by:

1. omitting from subsection (1) all the text after the word "it" and substitute the following text:

2. inserting after subsection (1) the following subsection:

"(1A) The requirements for proposing a related body corporate to be the new responsible entity are as follows:

- (a) The responsible entity must give members notice of a proposal to choose a company (the **proposed responsible entity**), which is a subsidiary of the responsible entity's holding company, to be the scheme's new responsible entity.

The postal vote must be counted or the meeting held not later than 2 months and 21 days after the date the notice is sent.
- (d) If there is a postal vote:

 - (ii) the responsible entity must notify the members in, or in a document accompanying, the voting paper that:

- (B) the price of all the interests offered is the same;
- (C) the amount by which the price of the stapled securities is less than any amount that would otherwise apply under the constitution does not exceed a maximum percentage specified in the constitution;
- (D) the amount of interests offered to each member is proportionate to the value of that member's interest; and
- (E) a Product Disclosure Statement is given to each member to whom the offer is made and to whom it is required to be given, where if the responsible entity reasonably considers that it would not be practical to make offers to certain members that are connected to a place outside this jurisdiction ("foreign members"), the responsible entity need not offer or issue the interests to the foreign members, provided that the responsible entity:
 - (F) sends the foreign members notice in writing, at or before the time of the offer:
 - (I) that the offer is being made to other members of the scheme but not to the foreign members; and
 - (II) of the terms of the offer; and

- (G) takes reasonable steps to ensure that the foreign members to whom the offer is not made are provided with compensation commensurate with the value of the entitlements that were not offered to them; and
 - (iiib) interests in the scheme that are component parts of stapled securities that were offered to, but not acquired by, members of the scheme in accordance with subparagraph (iiia) (or which were not offered to foreign members in accordance with subparagraph (iiia)) may be issued at a price determined by the responsible entity to:
 - (A) persons, other than the responsible entity or an associate of the responsible entity (unless that associate is a bona fide underwriter), who have received a Product Disclosure Statement for the offer;
 - (B) persons, other than the responsible entity or an associate of the responsible entity (unless that associate is a bona fide underwriter), to whom a Product Disclosure Statement is not required to be given;

- (1C) For the purposes of subparagraphs (1)(a)(ia) and (iiib), an associate of the responsible entity ("the associate") is a bona fide underwriter or sub-underwriter if:
- (a) the associate enters into an underwriting agreement or sub-underwriting agreement with the responsible entity, the terms of which would be reasonable in the circumstances if the responsible entity and the associate were dealing at arms length;
 - (b) the terms of the underwriting agreement or sub-underwriting agreement are summarised in the Product Disclosure Statement for the offer made in accordance with subparagraphs (1)(a)(iiia) and (iiib);
 - (c) the associate disposes of any interests (as component parts of stapled securities) it acquires under the underwriting agreement or sub-underwriting agreement as soon as reasonably practicable and, in any case, within 6 months of the date the underwriter or sub-underwriter acquires the interests; and

05 / 0481

- (d) where the associate disposes of interests (as component parts of stapled securities) otherwise than in the ordinary course of trading on the financial market operated by Australian Stock Exchange Ltd – the persons who acquire the interests from the associate are not the responsible entity or an associate of the responsible entity."
