Under paragraph 601QA(1)(b) of the *Corporations Act 2001* ("the Act") the Australian Securities and Investments Commission ("ASIC") declares that Chapter 5C of the Act applies to Macquarie Investment Management Ltd ACN 002 867 003 in its capacity as the responsible entity of Macquarie Private Capital Trust ARSN 112 367 610 in the case set out in the Schedule as if Chapter 5C were modified or varied as follows:

1. after subparagraph 601GA(1)(a)(i) as notionally inserted into Chapter 5C by ASIC Class Order [CO 98/52] insert:
 - "(ia) interests in the scheme may be issued, at a price determined by the responsible entity, while the scheme is included in the official list of the financial market operated by Australian Stock Exchange Limited or listed on an approved foreign exchange as defined in sub-regulation 1.2A.02(2) of the *Corporations Regulations 2001* and Stapled Securities of which the interests form a component part, or if the interests to be issued are in a class of interests, Stapled Securities of which interests of that class form a component part are not suspended from quotation, where the issue of the interests is not to the responsible entity or any person associated with it, and, in the case where:
 - (A) the issue (together with any other issue of interests up to one year previously, at a consideration determined by the responsible entity other than an issue approved or ratified by the members in accordance with subparagraphs (C) to (H) and issues in accordance with other provisions of the constitution) is of interests that would, immediately after the issue, comprise more than 10% of either:
 - all of the interests in the scheme; or
 - the interests on issue in the scheme in the same class as the interests comprised in the issue;
 - or
 - (B) the amount by which the issue price of the Stapled Securities of which the interests form a component part is less than the current market price for those Stapled Securities exceeds 10%,

the following requirements are also satisfied:

- (C) the members approve the issue;
- (D) if the interests to be issued are in a particular class, members in that class approve the issue;
- (E) unless the responsible entity reasonably considers that the issue will not adversely affect the interests of members in another class, members in that other class approve the issue;

2

05 / 0055

- (F) any notice convening a meeting to vote on the issue contains particulars of the use to be made of the money raised by the issue;
- (G) an approval for the purposes of subparagraphs (C), (D) or (E) is given by special resolution of the members where members with at least 25% of the total value of all the interests of members entitled to vote on the question vote on the question at the meeting; and
- (H) if in making the calculations referred to in subparagraph (G) any vote of a person to whom the interests are to be issued or any vote of any associate of that person were not counted, the resolutions would be passed;

(ib) interests in the scheme may be issued, at a price determined by the responsible entity, while the scheme is included in the official list of the financial market operated by Australian Stock Exchange Limited or listed on an approved foreign exchange as defined in sub-regulation 1.2A.02(2) of the *Corporations Regulations 2001* and Stapled Securities of which the interests form a component part, or if the interests to be issued are in a class of interests, Stapled Securities of which interests of that class form a component part are not suspended from quotation, where:

- (B) the interests are issued pursuant to offers made at substantially the same time; and
- (C) the sum of the prices of the interest and each of the shares which make up the Stapled Security is to equal the current market price for the Stapled Security, as defined in the constitution of the scheme, at the time the offers are made.";

2. after subparagraph 601GA(1)(a)(iii) as notionally inserted into Chapter 5C by ASIC Class Order [98/52] insert:

"(iiia) interests in the scheme that are component parts of Stapled Securities, other than options to subscribe for such interests, may be issued at a price determined by the responsible entity, pursuant to offers made at substantially the same time to only and all the then members of the scheme (other than members who hold interests that are not component parts of Stapled Securities) if:

- (A) all of the interests offered are in the same class;
- (B) the price of all the interests offered is the same;

otherwise apply under the constitution does not exceed a maximum percentage specified in the constitution; and

- (D) the amount of interests offered to each member is proportionate to the value of that member's interest,

where if the responsible entity reasonably considers that it would be in the best interests of members to exclude certain members that are connected to a place outside this jurisdiction ("foreign members") and not unfair to those members, the responsible entity need not offer or issue the interests to the foreign members if each interest is sold in the context of a sale of a Stapled Security, taking reasonable steps to maximise the sale price net of expenses of the sale and the foreign members are promptly paid the net sale price.";

3. after subparagraph 601GA(1)(a)(v) as notionally inserted into Chapter 5C by ASIC Class Order [98/52] insert:

- "(va) an interest in the scheme that is a component part of a Stapled Security, other than an option to subscribe for such an interest, may be issued at a price determined by the responsible entity under an arrangement where:
- (A) the whole or part of any money payable to a member under the constitution, by way of distribution of capital or income, is applied in payment for the subscription for interests in the scheme;
- (B) each member of the scheme may from time to time elect to participate in that arrangement as to the whole, or some proportion, of the distributions which are, or would otherwise be, payable to that member;
- (C) all the interests issued under the arrangement are of the same class;
- (D) the price of each interest issued pursuant to that arrangement at substantially the same time is the same;
- (E) the amount by which the price of the Stapled Securities of which the interests form a component part is less than the amount that would otherwise apply under the constitution does not exceed a maximum percentage specified in the constitution,

where if the responsible entity reasonably considers that it would be in the best interests of members to exclude certain members that are connected to a place outside this jurisdiction ("foreign members") and not unfair to those members, the responsible entity need not offer or issue the interests to the foreign members if each interest is sold in the context of the sale of a Stapled Security, taking reasonable steps to maximise the sale price net of expenses of the sale and the foreign members are promptly paid the net sale

4. after subparagraph 601GA(1)(a)(vi) as notionally inserted into Chapter 5C by ASIC Class Order [CO 98/52] insert:

“(via) where Stapled Securities are quoted on the financial market operated by the Australian Stock Exchange Limited and not suspended from quotation, interests in the scheme that form a component part of Stapled Securities may be sold by the responsible entity or its agent, at a price determined by the responsible entity, where:

- (A) part of the issue price of interest has not been paid when called and, in accordance with the terms of the constitution, the interest has consequently been forfeited to the responsible entity on trust for the members; and
- (B) the sale of the interest occurs in the context of a sale of the Stapled Security conducted in accordance with section 254Q of the Act other than subsections 254Q(1), 254Q(10), 254Q(13) and 254Q(14) as if the Stapled Security was a share, the scheme was the company and the responsible entity was the directors of the company.”;

5. omit paragraph 601FC(1)(c) and substitute:

“(c) act in the best interests of members (having regard to their interests as holders of interests in the scheme and their interests as holders of shares in a company and shares in another company, where the interest and shares are components of a Stapled Security) and, if there is a conflict between the interests of the members and the interests of the responsible entity, give priority to the interests of the members; and”;
