## AUSTRALIAN SECURITIES AND INVESTMENTS COMMISSION

PART 9.4AA OF THE CORPORATIONS ACT  
INFRINGEMENT NOTICE

## To:

Byte Power Group Limited ACN 009 268 571  
43 Nariel Street  
Albion QLD 4010

**TAKE NOTICE:** The Australian Securities and Investments Commission (ASIC) hereby issues an Infringement Notice to Byte Power Group Limited under subsection 1317DAC(1) of the *Corporations Act 2001* (the Act). This Infringement Notice requires Byte Power Group Limited to:

- (i) pay a penalty to ASIC, on behalf of the Commonwealth, in the sum of \$33,000 (the **Penalty**).

This Infringement Notice is issued on 12 December 2018.

**Referral from the Australian Securities Exchange (ASX)**

This matter arose as a result of a referral from the ASX to ASIC.

**DETAILS OF THE ALLEGED CONTRAVENTION****The Facts**

Byte Power Group is a diversified technology, food and wine distribution company, registered in Australia. Byte Power Group Limited provides technology services to organisations in Australia and Asia.

Byte Power Group was admitted to the official list of the ASX Limited (ASX) on 2 January 1992 and official quotation of its securities commenced on or after that date.

Soar Labs Pte Ltd is a Singapore based company that operates an online cryptocurrency platform used to make instant payments. Soar Labs has created its own cryptocurrency tokens.

On 13 June 2017, Byte Power Group announced on ASX that its subsidiary Byte Power Pty Ltd had signed a term sheet with Soar Labs for an investment of US\$5M for 49% of Byte Power Pty Ltd's issued capital. This investment was to be applied to, amongst other matters, the establishment of a cryptocurrency exchange in Australia and New Zealand.

On 27 October 2017, Byte Power Group released an announcement on ASX titled '*BPG Cryptocurrency Exchange Update*' which said:

*'In June 2017 Byte Power Group announced that Byte Power Pty Ltd had entered into an agreement with Singapore based Soar Labs Pte Ltd to establish and run a Cryptocurrency Exchange in Brisbane, Australia. Byte Power Group is pleased to advise that the technical team at Soar Labs is well advanced in the software development and expects to be Alpha testing the system robustness before the end of the year.'*

'Alpha' testing is software testing conducted by a software developer at a late stage, before the software is passed on to the customer for 'user' testing. Accordingly, Byte Power Group expected that once alpha testing had been carried out, the cryptocurrency exchange would be ready to be launched within about three months.

Following the announcement on 27 October 2017, the price of Byte Power Group's shares increased by 50% to \$0.015 and trading volumes also increased until 7 November 2017.

From around mid - November 2017, the relationship between Byte Power Group and Soar Labs had deteriorated.

On 15 November 2017 Byte Power Group released an announcement on ASX titled, *'Engagement of Cryptocurrency Consultant'* which said it had engaged a consultant, *'for strategic support ... as (it) implements its strategy to build and launch its cryptocurrency exchange'*.

By early December 2017, Byte Power Group was considering alternatives to Soar Labs and had approached alternative cryptocurrency exchange software providers.

On or by 12 December 2017, Byte Power Group entered an agreement with Draglet GmbH, a software development company incorporated in Germany that developed exchange and blockchain technology, under which Draglet GmbH was to provide *'software development services to support the execution and implementation of (Byte Power Pty Ltd's) ICO and blockchain projects'*, subject to terms to be agreed.

As at 14 December 2017, Soar Labs had not carried out any work on the development of Byte Power Group's cryptocurrency exchange. No software for the cryptocurrency exchange had been obtained on behalf of Byte Power Group, whether by Soar Labs, or by any other provider. Accordingly, no testing of any software had started, or was ready to start.

On 14 December 2017, Byte Power Group held a board meeting. At or by the time of this board meeting, Byte Power Group had not sought, and did not have, any confirmation that the cryptocurrency exchange software had been obtained, or that testing had started, or when alpha testing would start, or when it would be completed.

Accordingly, by 14 December 2017, Byte Power Group became aware of the following information:

- software development for its proposed cryptocurrency exchange was not advanced and testing of the system software was not going to be undertaken by the end of the year

**(the Information).**

On 10 January 2018, Byte Power Group released an announcement on ASX titled '*Byte Power Pty Ltd enters into a Development and Services Agreement with Noetic Synergy Sdn Bhd replacing Soar Labs Pte Ltd*' in which it disclosed that Noetic Synergy Sdn Bhd was to replace Soar Labs as the cryptocurrency exchange '*development solution provider*' and was to deliver all '*functional and technical specifications*', including software implementation services.

**The Contravention**

This Infringement Notice has been issued because ASIC has reasonable grounds to believe that Byte Power Group contravened subsection 674(2) of the Act between 14 December 2017 and 10 January 2018, in that:

- (a) Byte Power Group is an entity to which subsection 674(2) of the Act applies.
- (b) By 14 December 2017, Byte Power Group was aware of the Information.
- (c) The Information was information that a reasonable person would expect, if it were generally available, to have a material effect on the price or value of securities of Byte Power Group because information that software development for its proposed cryptocurrency exchange was not advanced and testing of the system software was not going to be undertaken by the end of the year, was significant information which would, or would be likely to, influence persons who commonly invest in securities in deciding whether to acquire or dispose of shares of Byte Power Group.
- (d) ASX Listing Rule 3.1 required Byte Power Group to tell ASX of the Information on 14 December 2017.
- (e) ASX Listing Rule 3.1A (the exception to ASX Listing Rule 3.1) did not apply to the Information because:
  - (i) A reasonable person would have expected the Information to be disclosed to ASX; and
  - (ii) None of the matters referred to in ASX Listing Rule 3.1A applied to the Information.
- (f) Between 14 December 2017 and 10 January 2018, the Information was not generally available.

#### **Effect of issue and compliance with the Infringement Notice**

ASIC cannot take civil or criminal proceedings against Byte Power Group for the alleged contravention specified in this Infringement Notice, either during the compliance period or after the Infringement Notice is complied with: subsection 1317DAF(5) of the Act. However, certain proceedings may be commenced or continued against Byte Power Group by third parties or by ASIC on behalf of third parties: subsection 1317DAF(6) of the Act.

#### **Effect of failure to comply with the Infringement Notice**

ASIC cannot enforce compliance with this Infringement Notice: section 1317DAF of the Act. However, if this Infringement Notice is not withdrawn in accordance with section 1317DAI of the Act, it is open to ASIC to take the following action against Byte Power Group:

- (a) ASIC may begin civil penalty proceedings against the entity under Part 9.4B of the Act seeking a declaration that Byte Power Group breached the provision specified in this Infringement Notice and a pecuniary penalty order. The size of the pecuniary penalty is not limited to the amount specified in the Infringement Notice. The Court may under Part 9.4B impose a maximum penalty in relation to the alleged contravention of up to \$1 million;
- (b) ASIC may (if applicable) begin proceedings under section 1324B of the Act seeking an order that specified information be disclosed in the manner required by this Infringement Notice;
- (c) ASIC may (if applicable) make an order under section 91 of the *Australian Securities and Investments Commission Act* (the **ASIC Act**) for recovery of expenses of its investigation into the breach specified in this Infringement Notice. ASIC can also bring proceedings to enforce that order; and
- (d) ASIC can make a determination under subsections 708A(2), 713(6), 1012DA(2) or 1013FA(3) of the Act, or accept an enforceable undertaking under section 93AA of the ASIC Act and bring proceedings to enforce the undertaking: section 1317DAG of the Act.

Certain other proceedings may also be commenced or continued against Byte Power Group by third parties or by ASIC on behalf of third parties: subsection 1317DAG(4) of the Act.

**Withdrawal of infringement notice**

ASIC may withdraw this Infringement Notice at any time prior to compliance if it considers it appropriate to do so. If this Infringement Notice is withdrawn, any enforcement action may be taken by ASIC against Byte Power Group, including:

- (a) civil proceedings under Part 9.4B of the Act; or
- (b) a prosecution for an offence based on the provision specified in the notice.

Byte Power Group may seek the withdrawal of this Infringement Notice by making a written representation to ASIC: subsections 1317DAI(1) of the Act. Material provided to ASIC in such a representation is not admissible in evidence in proceedings against Byte Power Group or a representative of the company: subsections 1317DAI(2) of the Act.
