# 1. INTRODUCTION

## 1.1. Who should read this document

This document is written for persons developing software which creates electronic documents intended for transmission to ASIC's EDGE system.

This document may be of interest to persons investigating problems with such software, persons using such software and persons developing other *Corporations Act 2001* related software.

## 1.2. The purpose of this document

This document describes the electronic messages used for lodgement of company registry documents. It must be read in conjunction with the other EDGE documentation listed in 1.3 below, in particular the EDGE messages specification. It describes the requirements for:

- the organisation and format of company registry document files sent by Registered Agents to ASIC's EDGE system.
- the compulsory edit tests of data items that must be performed before electronic document files are submitted to EDGE.
- the note references that provide additional information about message components and edits.

## 1.3. Other relevant documentation

EDGE specifications are available for download from "<http://www.asic.gov.au/api>".

Publicly available documentation of ASIC's EDGE electronic lodgement system is listed in the Document Summary document in these specifications.

ASIC may prepare other specifications and directions from time to time. They will be distributed to registered software developers.

## 1.4. Where to get help

Refer to the Documentation Summary specification.

## Appendix A - Amendment History

### **Version 3.00** released 30 June 1998

Version 3.00 reflects the Company Law Review Bill (1997).

Version 3.00 splits the original EDGE Messages specification into three separate documents. Previous history is documented in the Messages Specification.

### **Version 3.01** released 4 September 1998

Version 3.01 aggregates changes sheets 1 through 5 released against the version 3.00 specification and reflects the production release of the CLRB changes.

### **Version 3.02** released 9 October 1998

Version 3.02 is a minor release coinciding with the production release of the Electronic Company Registration facility.

### **Version 3.10** released 17 January 2000

Version 3.10 allows for the notification of alternate directors and some other changes.

### **Version 3.20** released 1 December 2000

Version 3.20 makes some amendments to the item numbers on the annual return and changes the version number of the 207.

### **Version 4.00** released 1 July 2003

Version 4.00 reflects the changes flowing from the CLERP7 legislative changes of 2003.

## **Version 5.00**

Released to software suppliers on 8 August 2008.
