Corporations Act 2001 – Paragraphs 655A(1)(b) Declaration**

Enabling Legislation

1. The Australian Securities and Investments Commission (*ASIC*) makes this instrument under paragraphs 655A(1)(b) of the *Corporations Act 2001* (the *Act*).

Title

2. This instrument is ASIC instrument 24-0654.

Commencement

3. This instrument commences on the day it is signed.

Declaration – Relevant Interest

4. Chapters 6 and 6C of the Act apply to DFA Australia Limited ACN 065 937 671 in its capacity as responsible entity for Dimensional Australian Value Trust ARSN 092 663 735 as if section 609 were modified or varied by, in the appropriate position in section 609, inserting:

“ETFs

(10A) A member of an ETF who is an authorised participant in relation to the ETF does not have a relevant interest in securities that form part of the ETF property merely because the ETF has an acquisition and withdrawal facility, provided that the current PDS requirement in subsection (10B) is satisfied.

(10B) The current PDS requirement is satisfied in relation to the ETF if the current PDS contains a statement to the effect that at the time the investment strategy for the ETF disclosed in the current PDS was first published in a Product Disclosure Statement for interests in the ETF that are to be quoted for trading on a financial market operated by the ASX, there are reasonable grounds for the responsible entity to believe that implementation of the investment strategy would not be likely to lead to ETF property including securities in a class of securities that:

(a) would represent more than 15% by value of ETF property; and

(b) were, or would result in the responsible entity having a relevant interest in, securities in:

(i) a listed company; or

(ii) an unlisted company, other than a CCIV, with more than 50 members; or

24-0654

Note: The prohibitions in subsections 606(1) and (2) only apply to the acquisition of a relevant interest in an issued voting share in a CCIV if the CCIV is a listed company: see section 1240A.

(iii) a listed body that is formed or incorporated in Australia; or

(iv) a listed scheme.

Note: The responsible entity may have a relevant interest in securities that do not form part of ETF property because of paragraph 608(3)(b).

(10C) If subsection (10A) applies in relation to a member and the member makes a withdrawal request under the acquisition and withdrawal facility:

- (a) subsection (10A) stops applying in relation to any securities that the member would receive if the responsible entity transferred securities to the member in accordance with the withdrawal request; and
- (b) the member is taken to acquire a relevant interest in those securities at that time through a transaction in relation to the securities entered into by the member.

Note: If the member makes a withdrawal request only in relation to some of the member's interests in the ETF, subsection (10A) may still apply in relation to the member's remaining interests.

(10D) If:

- (a) other than because of subsection (10C), a member has a relevant interest in securities that form part of ETF property because subsection (10A) has stopped applying in relation to the scheme; and

Note: The circumstances in which subsection (10A) will stop applying include where the scheme ceases to be an ETF.

- (b) the member makes a withdrawal request in relation to the interests in the scheme;

then for the purposes of section 606, at the time of the withdrawal request:

- (c) the member is taken to acquire a relevant interest in any securities that the member would receive if the responsible entity transferred securities to the member in accordance with the withdrawal request; and
- (d) the member is taken to have acquired the relevant interest through a transaction entered into by the member in relation to those securities; and
- (e) the member's voting power is taken to have increased from what it would have been before the withdrawal request if the votes attached to those

24-0654

securities were disregarded to what it was after the withdrawal request (taking the votes attached to those securities into account).

(10E) If, in the previous 6 months:

- (a) a member's voting power has increased because subsection (10A) stopped applying in relation to securities; and
- (b) the member has not been taken to acquire a relevant interest in the securities under subsection (10C) or (10D);

the increase in voting power is to be disregarded in determining the voting power of the member or any other person for the purposes of item 9 of the table in section 611.

(10F) In subsections (10A) to (10E) and in this subsection:

acquisition and withdrawal facility means, in relation to an ETF, a facility that:

- (a) the responsible entity has stated in the current PDS that it intends to offer on each trading day on which interests in the ETF are traded on the financial market operated by ASX or Cboe; and
- (b) allows:
 - (i) a person who is an authorised participant to acquire an interest in the ETF by contributing to the ETF; and
 - (ii) a member who is an authorised participant to request that the responsible entity satisfy a withdrawal request in relation to an interest in the ETF by transferring to the member;

consideration that predominantly comprises a parcel of securities, the composition of which in relation to an acquisition and a withdrawal is published by or on behalf of the responsible entity from time to time.

Note: The composition of the parcel of securities may be different for an acquisition and a withdrawal.

ASX means ASX Limited ACN 008 624 691.

authorised participant has the same meaning as in *ASIC Corporations (Relief to Facilitate Admission of Exchange Traded Funds) Instrument 2024/147*.

current PDS in relation to an ETF, means the most recently lodged Product Disclosure Statement relating to interests in the ETF.
