Hi s 22

Attached are our contacts related to SNL going back to July 2016. Sometimes the callers don't want to leave their contact details but I have included all call records regardless.

Hi s 22

The ASIC investigation is ramping up a little, and they have started interviewing people that are either in the scheme already, or are being approached/pressured to sign up.

Apart from the last lady, whose contact number you already provided to me; do you have the names and details of anyone else? They don't have to be recent....even last year would be of interest to ASIC.

Regards
