

# Checklist for Application for Withdrawal of Caveat under s601AF

## IMPORTANT INFORMATION FOR APPLICANTS

### PLEASE READ CAREFULLY BEFORE STARTING YOUR APPLICATION

#### Timeframes

ASIC usually makes a decision within **60 days of receipt of all requested materials**. You need to take this timeframe into account and if necessary, re-schedule any transactions (e.g. settlement dates) to include this 60 day period. Delays occur when incomplete applications are submitted.

Please allow at least 30 days before enquiring about the progress of your application.

#### General Information

ASIC generally exercises its powers under the Act to deal with vested property as a last resort. If another remedy (e.g. ASIC reinstatement or State/Territory legislative provisions) is unavailable, then you may apply for ASIC to deal with the property. The cost of alternative remedies by itself is not a sufficient basis for ASIC to exercise its powers to deal with property.

Applications are considered by ASIC on a case-by-case basis and there is no guarantee the application will be successful. If ASIC requires information or material in addition to those stated in this Checklist, ASIC will advise you and allow you an opportunity to provide that information.

ASIC will not consider an application until all requirements have been satisfied. You should therefore read this Checklist very carefully and ensure you have completed it properly before submitting your application. This will minimise inconvenience and delay in receiving a decision on your application. ASIC can assist if you have any questions about the requirements. However, you need to engage a solicitor if you require legal advice.

#### Urgent applications

In very limited situations ASIC may consider the assessment of an application on an urgent basis (i.e. within a specific and shorter timeframe). However, ASIC will only do so in exceptional circumstances because this would give the urgent application priority over other applications lodged in a timely manner.

Applicants must therefore clearly demonstrate that the urgency results from factors beyond their reasonable control, that they could not have reasonably foreseen. Settlement of a contract is not a sufficient basis for urgent consideration.
