Hi s 22 - As per s 22 and s 22's emails, ASIC's protocol is not to issue an MR about an administrative action until 2 days later so as to allow the affected person to apply to the AAT or court for a stay or other order if they wish. I could contact the administrators this afternoon for confirmation that they won't make such application if we think the Chair would approve publication of the MR soon s 22 otherwise if not likely or worthwhile in the short time difference we can prepare for publication tomorrow morning. Could you please give me a call when you have a few moments to discuss?
