

# Industry funding annual return

# **Business activity**

# **metric checklist 2024-25**

**ASIC**  
Australian Securities &  
Investments Commission

If you or your entity is regulated by ASIC, you may need to log on to the ASIC Regulatory Portal and submit certain business activity metrics before 25 September 2025. ASIC will use these metrics to calculate the levy you or your entity needs to pay under the industry funding arrangements.

This checklist provides you with a summary of the business activity metrics and other information you or your entity will need to submit to ASIC to comply with your industry funding obligations.

## **Business activity metrics**

In some cases we calculate the levy on a flat levy basis. In other cases we calculate the levy on a graduated basis or a combination of the two. Where graduated levies apply, you must report and/or verify you or your entity's level of business activity for the financial year. We will use these business activity metrics to determine levies for your subsector(s).

You or your entity will be charged a levy for each subsector you formed part of at any time during the year.

## **Pre-filled information**

In some cases we will pre-fill information from ASIC records into your return. If the pre-filled information is incorrect, you will be unable to make the required declaration as to the truth and accuracy of the information in the return.

In this case, you must not submit the return until the information ASIC holds is corrected and then pre-filled into the return. If any of the information is incorrect, please complete and submit the relevant transaction to update the details before completing the industry funding return. You can correct details about your licence or registration by contacting us on 1300 300 630.

# Business activity metric checklist 2024-25

The industry funding return requires the submission of the following information for each subsector of which you or your entity formed part of, at any time in the financial year. The checklist below provides a summary of the metrics required for each subsector.

Corporate sector			
Subsector	Summary of business activity metric information	Pre-filled by ASIC	Description of activity metric information required
Listed corporations	Market capitalisation for the 2024-25 financial year (in \$AUD).	Yes	The method for working out your entity's market capitalisation for a financial year depends on whether your entity was listed on a financial market at the end of the financial year.
	Days your entity was a listed corporation.	Yes	<p>If your entity <b>is</b> listed on a financial market at the end of the financial year—multiply the price for your entity's main class of securities at the time the financial market closes on the last trading day on or before 30 June of the financial year by the number of securities in that class at that relevant time. <b>Note:</b> An entity which is suspended from trading <b>is</b> listed.</p> <p>If your entity <b>is not</b> listed on a financial market at the end of the financial year—multiply the last price for your entity's main class of securities on the day before your entity stops being listed on the financial market by the number of securities in that class at that relevant time.</p> <p>If your entity is an exempt foreign entity under the listing rules of the Australian Stock Exchange, refer to subsection 19(5A) of the ASIC <i>Supervisory Cost Recovery Levy Regulations 2017</i>.</p>
Public companies (unlisted)	No business activity metrics are required for this subsector.	N/A	N/A

# Business activity metric checklist 2024-25

## Corporate sector

Subsector	Summary of business activity metric information	Pre-filled by ASIC	Description of activity metric information required
Large proprietary companies	<p>Confirm if your entity was a large proprietary company at any time during the 2024-25 financial year.</p> <p>No business activity metrics are required for this subsector.</p>	N/A	<p>A proprietary company is a large proprietary company for a financial year if it satisfies at least 2 of the following:</p> <ul style="list-style-type: none"> <li>a) The consolidated revenue for the financial year of the company and the entities it controls (if any) is \$50 million or more;</li> <li>b) The value of the consolidated gross assets at the end of the financial year of the company and the entities it controls (if any) is \$25 million or more; or</li> <li>c) The company and the entities it controls (if any) have 100 or more employees at the end of the financial year.</li> </ul> <p>The above thresholds for large proprietary companies apply on a company-by-company basis. In determining whether a company is a large proprietary company, the consolidated revenue and the value of consolidated gross assets are to be calculated in accordance with the relevant accounting standards in force at the relevant time.</p> <p>It is possible for more than one company in a corporate group to be a large proprietary company.</p> <p>Relief from preparing a financial report does not prevent a company from being a large proprietary company.</p> <p>A large proprietary company has the same meaning as in Part 1.2 of the <i>Corporations Act 2001</i> and there is no distinction in the meaning for industry funding purposes.</p>

## Corporate sector

Subsector	Summary of business activity metric information	Pre-filled by ASIC	Description of activity metric information required
Auditors of disclosing entities	Your entity's 2024-25 fees for auditing financial reports of disclosing entities with quoted securities, (in AUD, rounded to the nearest dollar).	No	<p>This is the total of the fees paid or payable to your entity in the financial year ended 30 June for the auditing and review of financial reports that relate to:</p> <ul style="list-style-type: none"> <li>a) a disclosing entity with quoted securities; or</li> <li>b) an entity controlled by a disclosing entity with quoted securities.</li> </ul>
Registered company auditors	No business activity metrics are required for this subsector.	N/A	N/A

# Business activity metric checklist 2024-25

## Deposit taking and credit sector

Subsector	Summary of business activity metric information	Pre-filled by ASIC	Description of activity metric information required
Credit providers (including small and medium amount credit providers)	Confirm if your entity <b>provided credit under small amount credit contracts or medium amount credit contracts</b> at any time during the 2024-25 financial year (1 July 2024 to 30 June 2025).	No	The amount of credit provided is the gross amount of credit actually provided (rather than just approved) during the financial year. For continuing credit contracts, such as credit cards, use the limit of the facility as the amount of credit provided. As these contracts allow for continuous access to credit, the limit of the facility is the amount of credit provided during the financial year. If the credit limit changes during the financial year, use the higher limit.  <b>Note:</b> If the total amount of credit accessed by the consumer during the financial year is less than the credit limit, report the amount of credit accessed.
	Confirm if your entity is an Authorised Deposit Institution (ADI). (An ADI cannot issue small amount credit contracts or medium amount credit contracts).	No	
	Provide the amount of credit provided during the 2024-25 financial year <b>under small amount credit contracts and medium amount credit contracts</b> (in AUD, rounded to the nearest dollar). Confirm if your entity provided credit <b>other than</b> small amount credit contracts or medium amount credit contracts at any time during the 2024-25 financial year (1 July 2024 to 30 June 2025).	No	The scope of credit provided includes contracts to which the National Credit Code applies – i.e. where:  a) the debtor is a natural person or a strata corporation; and b) the credit is provided or intended to be provided wholly or predominantly:  i. for personal, domestic or household purposes; or ii. to purchase, renovate or improve residential property for investment purposes; or iii. to refinance credit that has been provided wholly or predominantly to purchase, renovate or improve residential property for investment purposes; and  c) a charge is or may be made for providing the credit; and d) the credit provider provides the credit in the course of a business of providing credit carried on in Australia or as part of or incidentally to any other business of the credit provider carried on in Australia.  <b>Note:</b> The requirement under s5(1)(c) of the National Credit Code that a charge is or may be made for the provision of credit (e.g. interest charges) does not apply to buy now pay later contracts or low cost credit contracts (see Part 1A of the National Credit Code).
	Provide the gross amount of credit provided during the 2024-25 financial year under contracts <b>other than</b> small amount credit contracts and medium amount credit contracts (in AUD, rounded to the nearest dollar)	No

## Deposit taking and credit sector

Subsector	Summary of business activity metric information	Pre-filled by ASIC	Description of activity metric information required
Payment product providers	Your entity's 2024-25 net revenue in connection with non-cash payment products, reported on an accruals basis (in AUD, rounded to the nearest dollar).	No	Net revenue comprises gross revenue received in the 2024-25 financial year by your entity in connection with non-cash payment products issued by your entity less expenses incurred in the financial year from dealing in non-cash payment facilities, reported on an accruals basis.
	The number of days in the 2024-25 financial year on which your entity held an Australian financial services licence that authorised your entity to deal in a financial product through which, or through the acquisition of which, non-cash payments can be made	Yes	<p>You should only include expenses if they are incurred from 'dealing in' (e.g. including providing) a non-cash payment facility. You should not deduct expenses that are more general in nature. 'Dealing' is defined in section 766C of the <i>Corporations Act 2001</i>.</p> <p>A non-cash payment product is a financial product through which, or through the acquisition of which, non-cash payments can be made.</p> <p>Examples of actions that constitute making non-cash payments are making payments by means of:</p> <ul style="list-style-type: none"> <li>a) a facility for direct debit from a deposit account</li> <li>b) a facility for the use of cheques</li> <li>c) a purchased payment facility within the meaning of the <i>Payment Systems (Regulation) Act 1998</i>, such as a smart card</li> <li>d) traveller's cheques</li> <li>e) a bill payment facility; or</li> <li>f) a digital wallet.</li> </ul>
Margin lenders	The number of days in the 2024-25 financial year on which your entity held an Australian financial services licence that authorised your entity to deal in a financial product by issuing margin lending facilities.	Yes	N/A

# Business activity metric checklist 2024-25

## Investment management, superannuation and related services sector

Subsector	Summary of business activity metric information	Pre-filled by ASIC	Description of activity metric information required
Superannuation trustees	The total value of assets at the end of the 2024-25 financial year on 30 June 2025 in all registrable superannuation entities ( <b>RSEs</b> ) your entity operated (in AUD, rounded to the nearest dollar).	No	The metric for this subsector is the total value of assets in all registrable superannuation entities ( <b>RSEs</b> ) your entity operated at the end of the 2024-25 financial year on 30 June 2025, disregarding any assets that are: a) an interest in another RSE your entity operated; or b) employer sponsored receivables.
	The amount (if any) of excluded assets at the end of the 2024-25 financial year on 30 June 2025 (in AUD, rounded to the nearest dollar). Excluded assets are assets that are an interest in another registrable superannuation entity your entity operated or assets that are employer sponsored receivables.	No	You must provide the total value of assets in all RSEs your entity operated at the end of the 2024-25 financial year on 30 June 2025.  Do not exclude assets that are employer-sponsored receivables or interests in another RSE your entity operated from this figure. You must not provide a net value.
	The number of days in the 2024-25 financial year on which your entity was an RSE licensee.	Yes	Separately you must provide the value of assets which are to be excluded.  The total value of assets in an RSE for a financial year is the total value of assets as shown in its financial statements lodged with ASIC under the <i>Corporations Act 2001</i> . In cases where the RSE has not lodged any financial statements with ASIC, the total value of assets can be ascertained from the balance sheet of the RSE as prepared in accordance with the relevant accounting standards.
